

Texas Scramble-Mexican Standoff - *No Gimmies Allowed*

The player whose best drive is used cannot hit a second shot unless it's to putt on a par 3, when it is their turn.

- Enter the names of the players on your score card.
- The 80% handicap rule is used. We have calculated it.
- All teams must use at least 4 tee shots from each player.
- After the tee shot, play is to be continued according to regular scramble format for players using the best shot until the team has holed out.
- Players can move the ball one club length on the fairway, or one putter head width on the green, or 12 inches in a bunker to improve the lie, but no closer to the hole.
- Record your gross team score on the bottom half of your score card and turn it into Vern at the end of the round.
- Mark an X to indicate whose tee shot was used.

WE WILL CALCULATE THE WINNING SCORES.

If you need clarification of the rules see Vern Novack, Andrew Cannaris or Tom Carr.

3 Man Teams

- The Phantom rule is in effect. Players take turns hitting a second shot.
- Keep the same rotation throughout.
