DESCRIPTION: Here is a Martin "Nork branded" Rebel (see pic). It does appear to be a Martin Rebel, of 2008 vintage, which sold new for \$279.00. We know little about this bow. This is a comfortable, light, short bush bow. Weights only 18 ounces. Factory installed stabilizer bushing, and riser quiver bushings. No delamination; no cracks; limbs are straight. Dual-sided Martin/Howatt style tip overlays in great condition. No drilled holes. No chips, dings or cracks. No stress lines or crazing. A few scratches and scuffs on the limbs.
