

## **CLASS CHANGES:**

**All Class Changes must be Done Online, Never through an Instructor.**

**You can Log In to your account and add a class that you want to change to as long as there is room in the class. If the class is full you can go on the Waiting List for it.**

**You Cannot Drop a class online. You will need to call or email the Office to do that for you.**

**Even if a student is changing levels or age groups, he/she may have to go on a waiting list.**
