

Notice to our League Officers

The GBUSBCA would like to thank each and every one of you for your help in dealing with the recent and ongoing regulations that are affecting our sport and even more importantly our lives. Many of our leagues are trying to “wait it out” to make decisions, others have voted to end the season early. We realize that these times are troubling and uncertain as to the future of our leagues and we are here to help you in any way we can.

The “End of Season Average Requests” will be sent to you towards the end of April. If your league has ended and you can reply to the request with the proper information, please do so. If your league has decided to wait to make a decision or has decided to move forward whenever possible please just retain the request and mail it in once your league has concluded. We will make every effort to post to bowl.com with reported averages as soon as possible once received. Our yearbook will be printed and available at your center along with our website once ALL leagues have been received.

This year it is even more important that we receive your completed forms **AND** a copy of your **final standing sheet**. Mailing just your final standing sheet in lieu of your proper forms can hamper our attempt to produce the yearbook as quickly as we would like to.

Sandy Biscotti
Association Manager
