Sabin:

Looks like I will not be attending the closing tomorrow as unfortunately work is calling my name!! However I do want to take this opportunity to say "Thank You from the bottom of my heart" Getting to know you and your wife were a blessing in disguise. Living two hours away not only made things challenging but also left us with a sense of insecurity...not knowing who to trust and who was just feeding us a line. However I have to say from the first moment I met you I knew that you were a very honest up front type of guy and I appreciated that to the fullest extent. You then went above and beyond to help us out getting the house ready and spending your own personal time there changing light bulbs and letting people in and out and everything else that you did. Once again greatly appreciated!!

The day of the auction everything was perfect...you did a wonderful job preparing and delivering. Selling the payment was brilliant!! I think if people know what the payment amount is it makes the decision factor so much easier. I would highly recommend your services to anyone looking to sell a home. You helped a difficult situation to be bearable. I am very pleased with our outcome and know in my heart that Aunt Eileen would be pleased with our decision.

I feel very blessed to have met you and your wife and all of the people that were involved in our process. Please tell Fred thank you also, his services were also greatly appreciated and greatly needed and the two of you make a great team. Take care and may God Bless you and your family.

Sincerely,
