

RESTORE HARDSCAPE SURFACES

Restoration Specialists of Florida can restore the appearance of your golf course hardscape surfaces. We provide preventative maintenance programs to improve and enhance your member and public areas.

Our **Restore USA** products will not damage horticulture, animals or cementitious surfaces like concrete, masonry, paver and cultured stone, tile and grout.

Ideal for your clubhouse, locker rooms, restaurant, driveways, walkways, cart paths, cart barns, cart staging areas, water features, and roofs.

Restore USA environmentally safe products removes the following stains:

Oil, Grease, Tire Marks, Efflorescence (Calcium/Lime Deposits), Gum, Suntan Oil, Food and Beverage, Rust, Battery Acid, Fertilizer and Irrigation Stains, Algae Mildew and Mold.
