Your Support Will Allow Our Small Farm To Do Big Things!

THE STORY OF US

From Seeds To Smiles

We started our 46 acre farm located in Midland Virginia in 2019. The acreage is a mix of wooded and open pasture. The farm had been dormant for many years and it has been a wonderful experience bringing it back to life. We have chosen to be good stewards of this land that we have been so fortunate to have, and have started farming it using no till organic practices. We flower farm in a way that is beneficial to our soil, our pond, our bee hives, our guinea hens and ourselves. We work with Mother Nature by utilizing an arsenal of tricks including seasonally appropriate planting, row covers, crop rotation, mulch, rain water containment irrigation, companion planting, pollinators and our guinea hen army of bug eaters to help us bring you chemical free flowers that you can feel confident bringing into your home.

DETAILS OF CSA

Payment for seasonal CSA can be made in two installments.

Final installment must be paid by April 15th to hold spot in program.

Prices and forms of payment accepted are on previous page.

Since we grow seasonally, the flowers in spring will be different than summer and fall flowers. We strive for a large variety of bloom types.

Every bouquet or bucket will have flowers and foliage stems. You need greenery stems to highlight the beautiful colors of the flowers.

Flowers and greens will be freshly cut and conditioned to ensure you have long lasting bouquets.

If getting the Bucket Farm Share, a bucket will be provided the first time you pick up your flowers, and will need to be brought back each week.

Once a season you may reschedule your flower pick up to accommodate vacations, or you are welcome to have someone else pick up your flowers.

We can not provide refunds for flowers you don't pick up, but with notice, may be able to hold over flowers until next day if something holds you up.

The best way to contact us is by email as cell service is not always reliable when we are in the field. **RosiesPosies@DogTiredFarms.com.**
