I. GRANT OVERVIEW

The Emergency Solutions Grant (ESG) Program is a federally funded program awarded to the State of Florida through the Department of Housing and Urban Development (HUD). The State of Florida is required to distribute the grant for projects operated by local government agencies or private non-profit organizations.

The ESG program is designed as the first step in a continuum of assistance that addresses homelessness and enables the homeless population to move steadily toward independent living. The Continuum of Care (CoC) model is based on the understanding that homelessness is not caused simply by a lack of shelter, but is caused by a variety of underlying human and social conditions. HUD believes the best approach for alleviating homelessness is to establish a community-based process that provides a comprehensive response to the diverse needs of homeless persons. The fundamental components of a CoC system are:

- 1) Outreach and assessment to identify a homeless person's needs;
- 2) Immediate (emergency) shelter as a safe, decent alternative to the streets;
- 3) Transitional housing with appropriate supportive services to help people achieve independent living; and
- 4) Permanent housing or permanent supportive housing for the disabled homeless.

The ESG program provides funding to: (1) engage homeless individuals and families living on the street; (2) improve the number and quality of emergency shelters for homeless individuals and families; (3) help operate these shelters; (4) provide essential services to shelter residents, (5) rapidly re-house homeless individuals and families, and (6) prevent families/individuals from becoming homeless.

A. Eligible Applicants

The only entities that may submit an application for the Emergency Solutions Grant shall be the lead agencies of the CoC, as designated pursuant to section 420.624(6), Florida Statutes, by the Office on Homelessness (Office) for specified catchment areas within the state.

The designation of the lead agencies by the Office has been done in consultation with the U.S. Department of Housing and Urban Development (HUD), the local homeless coalitions within Florida, and those agencies that were identified as the lead agency in the most recent application for HUD homeless grants. The list of designated lead agencies by catchment area is attached in EXHIBIT 1.

Any applications received from other entities not on the list of designated lead agencies shall be returned, without review, to the entity that submitted it.

Lead agencies are required to register in MyFloridaMarketPlace (MFMP) as a vendor. Registration is required because the Department of Financial Services uses data from MFMP to establish the payment data file for purposes of disbursing state funds.

Funds disbursed to lead agencies as a result of these grants are financial assistance. In accordance with rule 60A-1.032(l)(i)1, F.A.C., disbursements of financial assistance to recipients of state financial assistance are exempt from paying the MFMP transaction fee.

The grant application to administer the Emergency Solution Grant (ESG) Program is authorized by section 420.624(2), Florida Statutes. To qualify for the grant, a lead agency must develop and implement a local homeless assistance CoC plan for its designated planning area.

The CoC plan must implement a coordinated assessment or central intake system to screen, assess, and refer persons seeking assistance to the appropriate service provider. The lead agencies may allocate grant funds to programs, services, or housing providers that support the implementation of the local CoC plan.

This grant solicitation describes the Department's instructions that govern the grant application process, including the scoring process for applications in accordance with the statutory preference criteria stated in section 420.622(4), Florida Statutes.

All applicants must complete the completeness checklist (Appendix B) and all required forms on the checklist to be considered.

II. SCOPE OF WORK

III. FUNDING ALLOCATIONS

The U.S. Department of Housing and Urban Development (HUD) has awarded the State of Florida \$5,098,790 based on area demographics of the communities in Florida that will not receive a direct award from HUD for 2016.

Under grant administration, the Department retains \$126,182 for its costs and lead agencies administrative costs may not to exceed five percent (5%) of the grant award.

The Department will utilize fixed cost pricing for eligible expenditures or cost reimbursement to the grant recipients as a method of payment under this grant application.

Funding of the 2016 ESG Program is subject to the appropriation of spending authority by the Legislature for FY2016/2017 budget year. **The awards will be for three years, ending June 30, 2019. Subsequent fiscal year funding will depend on award allocations, budget availability, and performance under the grant.** The Department may add to the allocations unobligated or unexpended funds available from the 2015 grant program.

The maximum grant award a lead agency may request is \$250,000 for FY 2016-17. Applications may be submitted for any amount up to, but not exceeding \$250,000. The lead agency shall list the projects or activities to be funded and clearly identify a budget for those uses or activities. Administrative costs must not be more than 5% of the project total and are to be shared with sub-providers of services in the catchment area. The Department reserves the right to fund grant application funding requests at lower levels.

The grant recipient will be allowed to expend the grant funds from the date of execution of the grant agreement, until June 30, 2019, subject to the approval by the Legislature of spending authority in the respective state budget years. This grant is renewable with successful performance. The grant funds shall be used to carry out the services or

programs under the 24 C.F.R. § 576, as amended, and those that are consistent with the local homeless CoC plan, as demonstrated in the plan and certified by the lead agency.

A. Funding Priorities

The Department shall place a priority on funding those non-entitlement areas not receiving direct awards from HUD for ESG. Lead agencies in entitlement areas are able to provide services within non-formula jurisdictions in their catchment area. For lead agencies that are located in entitlement communities without exceptions, your application shall focus on providing services in: (1) under a service component not currently provided under your 2016 direct award from HUD, or (2) providing service within an entitlement area where you are not utilizing a direct ESG award. (See Formula Jurisdiction Exceptions – Exhibit 14).

Lead agencies must provide a list of projects to be funded under this application that is consistent with the CoC Plan for their catchment area.

IV. MATCH REQUIREMENT

Applicants who receive an ESG award are required by 24 C.F.R. § 576 and the State of Florida to match the award with an amount that equals the full amount of the ESG award. An applicant or sub-provider may use in-kind services, or other public or private cash sources to meet the dollar for dollar match. Matching funds must be provided after the date of grant award. Funds used to match previous ESG or any other grant may not be used to match the grant award made under this grant application.

Grant recipients may use any of the following as matching funding:

1. Cash
2. Value or fair rental value of any donated material or building used to support the ESG program, including the value of any lease on a building
3. Value of the time and services contributed by volunteers to carry out the program of the recipient based on the value at rates consistent with those paid for similar work in the recipient's organization (24 C.F.R. § 576.201(e)).

For cash match, "provided" means when the funds are expended (or when the allowable cost is incurred). For in-kind match, it is the date the service (or other in-kind match source) is actually provided to the program or project. ESG matching funds must be expended within the same expenditure deadline that applies to the ESG funds being matched (i.e. the 12-month deadline). Non-cash contributions must be made within the expenditure deadline.

Additionally, the Department may consider other factors, including but not limited to, the proposed project and how it relates to serving the best interest of the state in sheltering homeless persons, preventing families and individuals from becoming homeless or providing needs of homeless persons through street outreach services. For those applicants who were not funded previously with the ESG, the Department may consider how your proposed program will benefit the state and those persons the Department has a priority to serve.
