

Ideal Beach Community Association 'My Neighborhood' Scholarship

Creating a proud legacy starts with commitment. To that, the Ideal Beach Community Association, established in 2009, is committed to protect, improve, and preserve all that is great about living in the Ideal Beach Community of Middletown. Over the years, the Association has worked with municipal, county, and local leaders to bring notable improvements to the community to include aesthetics, traffic, and safety. We proudly support our police and first responders, our neighborhood schools, our local youth and scout organizations, along with other worthy and respected organizations.

In support of our community beach, and namesake, we have supported the Clean Ocean Action organization over the years, participating in COA beach sweeps and bringing their message to Ideal Beach residents. Other eco-projects have included the planting of numerous trees, flowers, shrubs, and dune grasses as well as cleanup events throughout the community.

Unique in its origination, the Ideal Beach Community was developed some 100 years ago as a summer community of beach cottages. Over the years it has grown into a vibrant neighborhood, busy with families of all types... proud of its past and excited about its future. To this, the IBCA understands that the ongoing process of tending our community is a well-rounded and comprehensive journey that serves to support our environment, increase our property values, secure our homes and families, and increase the overall well-being of our residents... all of this towards keeping and upholding our amazing coastal community and celebrating our heritage as it lives on.
