

Ballot Question Information

The following ballot question appears on the Municipal Ballot for the September 8, 2017 Municipal Election:

Should the Town file suit to seek reimbursement from the plow contractor who resigned in the first few months of a three year contract. VOTE FOR ONLY ONE OPTION

Initiate lawsuit against contractor

DO NOT Initiate lawsuit against contractor

The reimbursement amount that would be sought is \$63,700, the difference between the contract price (\$159,500) and the actual cost to the Town to do the contract work (\$223,200), plus legal fees.

In choosing an option, it should be noted that the legal fees for this litigation will be up to \$5,000, and will be an additional expense to the Town if the Town does not prevail or the contractor is unable to pay.
