

FOLLOW UP ON BCHNM NATIONAL MONUMENTS ALERT

DEADLINE FOR COMMENTS ON NATIONAL MONUMENTS REVIEW IS JULY 10TH

If you haven't sent your comments to Secretary Zinke concerning the Department of Interior's review of National Monuments including Rio Grande del Norte and the Organ Mountains, please do so before July 10th. This issue is too big to stand by and do nothing. Please see the alert for addresses, e-mails and websites where you can send or post your comments (copy attached).

Also, if Steve Pearce is your Congressman, please call or write him and tell him you oppose any changes to the Organ Mountains National Monument. At the moment he favors a substantial reduction in the monument's size. His contact information is on the alert.

Finally, Secretary Zinke is scheduled to come to New Mexico sometime in July. It would be nice if BCH members could meet with him and ask him some tough questions about our monuments. More information on this as it becomes available.
