March Madness was A Big Month for Hutch, Reno County High Schools & Kansas. HHS narrowly missed as tourney Play as did Men's HHC 'JUCO' Men were nixed out in the final game for placement in the 2012 Tournament in Hutch. ☹

HHC 'JUCO' Women however played in the finals before losing to Trinity Valley Community College. The NJCAA Women's Tournament is played in Salina at the same time as Hutch Tourney. . .also same time as semi finals of the NCAA.

Winds of change for how NJCAA Men's Tournament placement will be different next year. Placement will be seeded. One round to place or out. We will go to 6 days of games & 26 teams. Is bigger better?

Proposed tournament format change is cause for debate. The tournament would be seeded...Would add 8 more teams. Is bigger better? The tournament will be seeded...Will add 8 more teams. (it has since been decided in favor of seeding - to start 2013) See pre-discussion: <http://www.hutchnews.com/Juco/JUCO-TAB---Is-Bigger-Better->

. . . Oh My, It took Sun & Monday to recuperate from attending every game this yr! I must be getting old? Ha! It was fantastic tournament! (we did miss the first half of 2 because of other commitments)

The Encyclopedia of Religion and the Encyclopedia Britannica thinks that the timing of April Fool's Day is directly related to the arrival of Spring, when nature 'fools' humans with erratic weather. So, on April 1st are you going to be the tricked or the trickster? ☺
