“Enriching The Lives Of Our Youth”

TB Ent is where youth come express themselves through their individual talents.

“Enriching The Lives Of Our Youth”

My main passion is working with the youth, which led to starting a youth organization. T. Black Entertainment Inc. is an organization established in 2014. T. Black Entertainment is the umbrella for many programs but not limited too: Young Star Singing competition, Musicians Unleashed, YUP (youth united w/purpose), Words Out Loud, and CK (Critical Kondition Dance Team).

I am a driven individual who believes in hard work and dedication. As a single mother of four, with a strong educational background receiving a master's in education and an endorsement in educational leadership, I strive to motivate and educate our youth by providing leadership, learning opportunities and support that can benefit our youth development. I began my career as a substitute teacher for the Clark County School District. In 2008, I became a self-contained Special Education teacher servicing Severe Emotional Challenge students. This experience motivated me to expand on my knowledge and continue to support our children by later becoming a Behavior Specialist. As I continue this journey, I began working as a Special Education Instructional Facilitator while also pursuing a Master's degree in Social Work. I will continue servicing the youth building a better community for our children.

Our motto is...
"Enriching the Lives of Our Youth."
