Why Choose Sudbury Christian Academy?

Sudbury Christian Academy provides students with an excellent academic program in a safe environment with Christian values guiding everything we do. We strive to ensure that all of our students receive a high quality education, preparing them to lead productive, honourable lives.

Our Curriculum

We aim to meet or exceed the standards set out by the Ontario Ministry of Education. New concepts and ideas build on the foundation of a compassionate, Christian worldview. We provide high-yield teaching strategies and excellent learning materials. Students receive a solid educational foundation through literacy, technology, mathematics, science, social studies (history/geography), Bible, core French, physical education, and the arts.

The literacy program focuses on essential comprehension strategies for reading and listening, and enables students to hone their oral and written communication skills. In addition, it emphasizes the application of higher level thinking skills. Literacy skills are embedded across the curriculum.

The mathematics curriculum recognizes different learning styles and provides a variety of assessment strategies. It aims to challenge students and offers opportunities for students to use critical thinking, problem solving, and computational strategy skills to make connections between related mathematical concepts and other disciplines.

The science curriculum encourages students' natural sense of wonder and curiosity, and equips it with the tools essential to methodical exploration of the environmental and technological sciences. Our students are able to use scientific inquiry, technological problem solving, logical experimentation, and sound reasoning.

We begin regular instruction of the French language as a core subject at the JK level and continue through to grade 8. We have a specialized teacher on staff specifically for the integration of conversational and written French.

Piano, vocal, guitar, and violin lessons are available for all levels during school hours at a nominal cost.

Biblical Values

Sudbury Christian Academy is a non-denominational Christian school where students are taught the Bible and how it relates to their lives. School conduct, policy and values are consistent with the teachings of the Bible.

Christian principles are integrated throughout every subject taught. Sudbury Christian Academy prepares students for the academic and non-academic challenges of secondary and post-secondary education.

Advantages of Church Support

Sudbury Christian Academy is an independent, non-denominational Christian school. Glad Tidings Church provides low-cost use of facilities, heat, electricity, and grounds maintenance. As a result, your tuition dollars are put almost entirely into the classroom education. The benefits speak for themselves:

Class Sizes – We are committed to providing small class sizes and unparalleled student-to-teacher ratios, allowing for an optimal teaching and learning environment.

Technology – Each of our classrooms from grades 1 through 8 is home to renowned SMART board technology and our computer lab is outfitted with the newest line of Apple iMacs.

Extracurricular Activities – Sudbury Christian Academy enhances its community atmosphere with a range of competitive sports, active clubs, and engaging societies.

Playground Equipment – The main school yard features a colourful, sturdy, multi-use playground for the enjoyment and exercise of our students.

Gymnasium – We have the use of an attached, fully equipped, competition-sized gymnasium for basketball, volleyball, badminton and a variety of extra-curricular activities.

A simple conclusion

Why settle for anything less than God's best for your child's future? Choose private, Christian education. Call 705-522-1649 to register at SCA today!

"Train up your children in the way they should go, and when they are old, they will not turn from it" (Proverbs 22:6).
