

ELITE SUPPLY SOURCE TAKES OVER SUPPLY STATION!

Chuck Lenert, owner of Supply Station, recently sold his 40+ year old industrial supply company located in Sacramento, CA (building included) to Sean Luigs and Jon Schultz, owners of Elite Supply Source.

Chuck and Sean met over 4 years ago at CDCR's Deuel Vocational Institution during a delivery. Ever since they've kept a running conversation of how Chuck could retire and officially be sailing at sea 100% of the time and how Sean (and Jon) can take what he built at Supply Station to the next level.

"It was destiny," Sean said about meeting Chuck.

Sean also said, "Chuck has had a motto the past 40 years of specializing in finding hard to find items...claiming their catalog has no limits which fits directly into Elite Supply Source's mentality of providing top notch customer service."

With this day and age of having everything at your fingertips it sometimes doesn't allow for complete customer service especially in the industrial supply industry. That's why Elite Supply Source has been able to separate itself from the competition and save their customers time and money!
