
ENFORCEMENT

Use of fireworks during prohibited times, or more often than the permitted frequency, can result in enforcement action by the Whiteland Police Department. After an initial warning, subsequent violations will be cited in increasing amounts from \$25 up to \$500 per violation. These are in addition to the cost of any damage caused and of any emergency responders.

COMPLAINTS

If fireworks have caused a fire that is still burning, or if they are causing an immediate fire hazard, call 911.

To file a complaint about fireworks being used in violation of these regulations, call (317) 535-8100 for the Whiteland Police Department and the police dispatcher.

If your property is damaged by fireworks at any time, a police report may be filed with the Whiteland Police Department.

QUESTIONS

For any questions regarding the proper use of fireworks and safety precautions, please call the Whiteland Volunteer Fire Department at (317) 535-8280.

Questions and clarifications about local ordinance and regulations should be directed to the Whiteland Police Department.
