I channel Merlin and other Ascended Masters who are pleased to be of service to humanity on an individual and global level. He calls this work the New Age of Alchemy. It is my honor and pleasure to invite you to join us for general and individual messages from your masters and guides.

It is the Ascended Masters wish to awaken you to the remembrance of your own true mastery and assist you in personal growth so that you may make the world a better place.

I am an advisor for 12listen.com and has been giving intuitive readings locally and internationally for 30 years. I am also the author of the MerlinScopes on 12listen.com and my blog at rockymountainchanneler.blogspot.
