Subject: Please protect Goleta's creeks!
Date: Saturday, November 02, 2019 11:44:21 AM

Dear Mayor Perotte and City Councilmembers:

I am a member of Santa Barbara Audubon Society. I regularly enjoy birding along Goleta's creeks. I know the importance of creeks in maintaining the abundance and health of our local birdlife. I'm writing to urge that you adopt strong protections for creeks, wetlands, and habitats. Please adopt a standalone provision in the New Zoning Ordinance that sets forth a process for determining when, upon an applicant's request, a reduction in the required setback from creeks may be granted. This provision should apply to any request to modify City zoning or policy requirements.

I support the recommendations made by the Environmental Defense Center and Urban Creeks Council to adopt the California Coastal Commission's language for analyzing when a setback may be reduced. The Coastal Commission's language was adopted by the County of Santa Barbara in its Coastal Zoning Ordinance and in the Eastern Goleta Valley Community Plan. Preserving and restoring Goleta's creeks is very important to me and other members of our community. Thank you for your efforts to protect Goleta's watersheds!

Regards,

Stephen Ferry
