

Welcome to the Application Process for the Sutherland-Lakewood Exchange Program for 2019-2020

Where do I begin?

If you are reading this you are most likely getting ready to start your application. As you can see there are a lot of forms to be filled out and information and documents to be collected before you are ready to submit your application. The entire application process may seem daunting and complicated at the beginning but can be easily broken down into smaller, easy to manage steps.

You may be asking why we need so much information about you and your family... The answer is simple – we need to be sure that you and your family are suitable candidates for the exchange program. This is not a short time program and we need to be assured that you and your family fully understand the commitment you will all be undertaking if selected.

If you are selected, the information you and your family have supplied will also be used to assist us in pairing you with an American family. Please understand that a very similar process is occurring in Lakewood, Colorado to select suitable American students and families.

When do applications close?

Applications for the 2019-2020 program close on Thursday, February 28, 2019.

First Steps

Please download and print all of the information and application forms. Before starting to complete the applications, read through these in detail and discuss them with your family. In particular, please pay attention to Form AG1. This form contains the agreements that you and your parents / guardians will be asked to sign if you are selected. You may also like to make a list of questions that you have. You can ask these at any of the information sessions or by contacting the 2019/2020 student coordinator, Lynda D'Ath-Weston.
