

March 31, 2020

--- UPDATED ---

To our valued vendors and customers,

As we follow the Coronavirus (COVID 19) developments closely, we have made the difficult but necessary decision to voluntarily and temporarily close down the Mercadome also known as Alamo Flea Market and the Mercedes Flea Market, effective Wednesday March 18. **Initially, we thought this would be over by March 31 but sadly it is not. For now, the reopening date is pending, as we follow closely the established ordinances and guidelines Hidalgo County is implementing.**

With the safety and health of our community as our highest priority, we feel it is our social responsibility to temporarily close our flea Markets to reduce the risk of spread of the Coronavirus during this pandemic. We strongly encourage our fellow customers to avoid large crowd gatherings and other businesses in our community that attract large crowds to do the same. We also recognize the hardships this decision may have on our customers and vendors and assure you that this decision has not been taken lightly. Please be patient with us as we continue to monitor the situation closely and follow recommendations made by public health officials.

If you have any questions, please reach out to us at 956-781-1911. We will be posting regular updates as we re-evaluate the safest course of action and when we will reopen our doors to you. We will get through this together.

Updates will be posted on our Social Network pages and WWW.Mercadome.com.

Sincerely,
Mercadome and Mercedes Flea Market
