Sept, 2015

I know it's not even Halloween yet, but think about getting your house ready to hang those Christmas decorations. It won't be long before we will start decorating for the light judging. Don't want to put those beautiful lights and decorations on a dirty house and mailbox! Does your sidewalk need pressure washing, does your mailbox need to be wiped down with Clorox, do your bushes need trimming, grass cut, yard edged? We all want Canterbury to be a beautiful place to live.

A reminder to keep car doors locked at night and don't leave valuables inside. If you see anything suspicious call the non-emergency number to police 247-8000

Curb on Hubers has been repaired. Still waiting to hear when the rest of the sidewalks will be repaired.

Hillsborough County District #3 offers a vacation watch of your house while you are gone. Go to the headquarters on Gunn near Citrus Park Mall and fill out the paperwork if you want them to keep an eye on your property.

Have some happy news and sad news. Happy news Lindsey and Brett Myers had a baby girl, Avery, born in August. Brett is the Association Vice-President. Sad news is Patti and Warren Williams are moving. They won't be far away so expect to see them in neighborhood every now and then. Warren is the Association at Large member.

With Warren's move there will be a vacancy on the board. We need someone to fill his slot at least until January election. If you are interested or have questions about Member at Large duties please contact a board member. We need for all homeowners to think about stepping up and running for the board in January. The job is not difficult and we meet every other month for an hour. Please consider.

**Next board meeting is Monday, Sept 14 at 7:00 in Austin Davis Library.
Hope to see you there.**
