£10 per child with a minimum fee of £150 per group event. The £10 per child rate applies for parties of up to 20 children. For larger groups contact us for a group quotation.

About BuildTrain group events

We are pleased to be able to offer safe and fully instructed sessions for children as young as 6 at our training unit in Royston.

All sessions include full instruction on the safe use of tools, tool care and are led by fully qualified instructors. By booking your children a BuildTrain event you can guarantee they have fun in a safe and secure environment.

A parent or accompanying adult must be in attendance with each child at all times and must be willing to get their hands dirty. Each child will complete the same project during the session.

For more information about any of our courses, please visit our website www.buildtrain.co.uk
