

# Centaurea ragusina

## Snowflake Dusty Miller

Types: Perennial

Exposure: Full sun

Height: 10 inches

Width: 1 feet 8 inches

Hardy To: 0° F

Blooms: Yellow, summer

### Description:

This beautiful 'Dusty Miller' never gets long in the branch or leggy. It stays under a foot in height by about 2 feet round. Soft, velvety, white leaves form broad rosettes resembling a snowflake. Grows in clumps that stay low. Yellow flowers in summer. Hardy from minus 10°'s to 120°'s, so it is great from deserts to mountains. Full sun, good drainage, drought tolerant.
