

ID: SB001

Details:

- Used Feeder Bin
- Bin with feeder is skid mounted to eliminate foundations
- Small bin size minimizes “packing” problems associated with shingles.
- Belt feeder extends past bin and discharges onto the existing RAP conveying system.
- Adjustable slide gate to meter flow.
- 18” belt feeder uses troughing idlers to eliminate rubber flashing.
- Weigh bridge is installed on feeder belt. Includes load cell but no other electronics.
- Side guards to keep wind from blowing fine particles off the belt.
- Dodge shaft mounted drive assembly complete with sheaves, belts, gearbox and guard.

Notes: Top dimensions of bin approximately 4’ wide x 6’ long. Extension can be added to increase dimensions of bin. Originally designed for loading with a skid steer loader.

- All equipment subject to prior sale
