

Moving Forward together

Schenectady Day Nursery's Home-School Connection
25 Lafayette Street, Schenectady, New York 12305

Summer 2013, Issue 3

Dear Parents and Friends,

The mission of the Schenectady Day Nursery is to provide a 'nurturing, enriching and safe environment where children 6 weeks to 12 years are encouraged to reach their full potential.' Every day our staff work with your children toward this objective. But, we realize that our role is secondary to that of the family. It is our goal to partner with our families to provide the most secure and positive future for all of our students. To that end we will send this newsletter home four times each year and share with you our teaching objectives, current information about child development and health issues. We will keep the dialog going throughout the year but our hope is that this information will be both timely and helpful to our families.

Enjoy a Summer's worth of fun activities, and it's all FREE.

Fresh Produce for Families

Community Gardens Veggie Mobile will be delivering fresh veggies throughout the summer. Call 274-8685 or visit www.cdcg.org for delivery locations and schedule.

Free fresh produce is available to SDN families that are willing to help in the Vail Cemetery Urban Farm located off Brandywine. Working in the garden is a great way to introduce children to science, where food comes from, and to encourage healthy food choices. Everything tastes better when it is fresh from the garden and you have helped to grow it yourself!

Contact Donna at ml626@nycap.rr.com to volunteer and be put on the notification list. If you do not have email please stop by the Nursery to learn more about this great opportunity.
