

PATRICK FOX

Writer – Talk Show Host

I have the pleasure of pitching a new guest for your show!

He is Patrick Fox, a writer and freelance journalist with American Free Press and The Barnes Review, as well as author of books (under the pen-name of Patrick Chouinard. Besides his books, he also hosts White American Radio (whiteamericanradio.com and <http://www.talkshoe.com/talkshoe/web/talkCast.jsp?masterId=140550&cmd=tc>).

His books are “Lost Race of the Giants: The Mystery of Their Culture, Influence, and Decline throughout the World,” An exploration of mythological and archaeological evidence for prehistoric giants, and “Forgotten Worlds: From Atlantis to the X-Woman of Siberia and the Hobbits of Flores,” An examination of the mythological, historical, and archaeological evidence for lost civilizations throughout the world.

What makes Fox an interesting special guest for your show is that he is intelligent, yet unpredictably funny! Fox makes his recurring thesis that the white race has been around far longer than any other race an engaging proposition that will keep your listeners listening, and get your callers talking!

If you would like to book Fox on your show, please contact me, KJ (publicist) via aryankjjk@yahoo.com at your earliest convenience.

Off-air / pre-show interviews can also be brokered.

You WON'T regret the time you spend with Patrick Fox in the present talking about our white past!

KJ, Publicist for Patrick Fox

Patrick Fox Explores *Ancient Aryans and Other Mysteries*

Giants are a cornerstone of the myths, legends, and traditions of almost every culture on Earth. Giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena. However, suppressed archaeological discoveries of ten-plus-foot skeletons confirm the existence of a forgotten golden age of giants even before recorded history.

In latest book, *Ancient Aryans and Other Mysteries*, Patrick Fox examines the incredible number of giant mythologies throughout the world. These include Greek and Roman gods and giants, and the multitude of myths in which the sky or world is held aloft on the shoulders of a giant. Fox also links these stories to Atlantis, plus other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations. He also reveals brings to the forefront the divine mission of Aryan man – the mystery of his blood, and the ancient secrets of their lost civilizations.

Revealing how giants represent the true Earth-born race, Fox explains how they engaged in open conflict with the extraterrestrial gods. Fox explains how those who created humanity, passed their sophisticated culture and civilization on before Aryans were nearly wiped out in the great age of cataclysms.

Since writing these books, Fox has become a dedicated follower of National Socialism and the pro-white movement which he writes about in an upcoming TBR article, *The Sleeper Has Awakened*.

Patrick Chouinard ('pen name' of Patrick Derek Fox) is a writer, freelance journalist, and pro-white speaker. He is also the *author of Forgotten Worlds: From Atlantis to the X-Woman of Siberia and the Hobbits of Flores*. Fox also hosts *White American Radio*.

My mother was born in St. Petersburg, Russia, and came to the United States as an immigrant in 1971. My father was a southerner, born and raised in Waynesville, North Carolina. This, too, is where I was born. Perhaps the mixture of these two cultures helped foster my unique speaking voice and worldview.

In 1981, I moved to Ocala, Florida, where I lived on a horse ranch with my older sister, Heather, and my younger brother, Eugene. Ask you might imagine, I am an accomplished equestrian and hunter. However, while being home-schooled, my intellectual passion for history and writing began to be cultivated. But, from my father's friend, Jack Walsh, I learned the essence of national socialism as well as positive accomplishments of Adolph Hitler. I also learned to be cautious of ethnic race-mixing, and the power of Zionist Jews.

I grew up committed to following such racist intellectual giants and Dr. David Duke, Dr. William Pierce, and Tom Metzger. Later on, I learned to admire my own leader, Jeff Schoep, Commander of the National Socialist Movement. This new path was different that what I experienced growing up under the watchful eye of a pro-Marxist mother. However, my love of sports surfaced again. Being a hockey fan, I picked the 'pen-name' of Patrick Chouinard when I began having my works of historical analysis published.

While my life might seem a bundle of contradictions to anyone only taking a cursory glance, when it is delved into with the same voracity that I take in writing about ancient white history, the outcome in most people's minds begins to change. I am not just a common man, but I am an uncommon white man!

This may sound somewhat unusual, but I love the white race so much, that if push came to unfortunate shove, I would gladly die for it accordingly.

Patrick Fox Delves into the Lost Race of the Giants from Atlantis to Magellan

Giants are a cornerstone of the myths, legends, and traditions of almost every culture on Earth. Giants are often considered fantasies of the ancients or primitive attempts to explain natural phenomena. However, suppressed archaeological discoveries of 10-plus-foot skeletons confirm the existence of a forgotten golden age of giants even before recorded history.

Patrick Fox examines the incredible number of giant mythologies throughout the world. These include Greek and Roman gods and giants, Norse frost giants, the Hindu Daityas, the Biblical Nephilim, the Celtic Formorach, and the Sumerian Anunnaki. Also discussed are the multitude of myths in which the sky or world is held aloft on the shoulders of a giant. Fox links these stories to Atlantis plus other legends of prehistoric civilizations lost to cataclysm and great floods whose survivors spawned the rise of ancient civilizations.

The author reveals how physical remains of giant-size peoples have been found on almost every continent, including recent finds in the deserts of Saudi Arabia, Afghanistan, and northern India, plus hundreds of excavations of giant mummies and skeletons across the United States. This corresponding directly with Native American accounts of red-haired giants. Fox also examines reports from famous explorers such as Magellan, Sir Francis Drake, and De Soto of their encounters with giants on the North American continent.

Revealing how giants represent the true Earth-born race, Fox explains how these giants engaged in open conflict with the extraterrestrial gods. Giants created the original Aryan – dominant race – to hold domain over the inferior races and creatures of the Earth. Fascinating historical and archaeological reading!

Patrick Chouinard (former 'pen name' of **Patrick Derek Fox**) is a writer, freelance journalist, and pro-white speaker. He is also the author of *Forgotten Worlds: From Atlantis to the X-Woman of Siberia and the Hobbits of Flores*.

Patrick Fox Delves into the Lost Race of the Giants from Atlantis to Magellan

(EXCERPT FROM THE BOOK)

Contrary to popular belief, archaeology did not just emerge in the past few centuries. In the late first century AD, shortly after the crushing defeat of the Jewish revolt at the hands of Titus, the Jewish historian Josephus tells us a new practice had become popular. Natural historians, the ancient forerunners of our modern scientists, were digging up giant bones that they then examined, documented, and cataloged. These were the rudiments of what would become archaeology and paleontology. They identified these early fossil specimens as the great heroes of antiquity. Examples of such demigods include Theseus, Hercules, Achilles, Ajax, and the various gods and monsters described in the many Greek and Roman legends.

Throughout the seventh, sixth, and fifth centuries BC the entire Greek world experienced a “bone rush,” as competing city-states searched for the bones of dead heroes and giants. According to folklorist Adrienne Mayor, “Every city sought the ‘peculiar glamour’-- the religious anointment and political power--conferred by heroes’ remains. The impressive bones were a vital physical link to the glorious past.” We have to remember that in the Greek mythological tradition, heroes were always depicted as being of gigantic stature, as an exemplification of their superhuman abilities and importance within the ancient Greek pantheon.

Fox believes the giants were ancient mythical gods, such as Thor, Odin, Zeus and the like. He provides an easily readable, yet thoroughly academic case that these mystical beings were actually part of a race of gods. Fox also makes the case that these Atlantis-like beings were part of a real race known as the ancient Aryans.

Patrick Chouinard (former 'pen name' of **Patrick Derek Fox**) is a writer, freelance journalist, and pro-white speaker. He is also the author of *Forgotten Worlds: From Atlantis to the X-Woman of Siberia and the Hobbits of Flores*.

America's National Socialist Party – *The National Socialist Movement*

The National Socialist Movement (NSM – nsm88.org), is America's National Socialist Party, and the largest and most active National Socialist party in America today. We are the political party for every patriotic white American. We cooperate and work with many like-minded white nationalist groups and others that are either National Socialist or at least racially aware of our European heritage.

The NSM's core beliefs include defending the rights of white people everywhere, preservation of our European culture and heritage, strengthening family values, economic self-sufficiency, reform of illegal immigration policies, immediate withdrawal of our national military from an illegal Middle Eastern occupation, and promotion of white separation. Beyond that, and in the most simple, yet pragmatic sense, we believe in White Civil Rights.

The National Socialist Movement was founded in 1974, and saw membership surge under the leadership of the charismatic Jeff Schoep. Commander Schoep has worked to implement a new direction for the Party that includes focusing on a truly American National Socialist Movement, which will give Americans the choice of electing a party that will combine the best of both Socialism and Capitalism to create a system that will stop the decay while bringing innovation, prosperity, and security to America.

Politically, we believe that the current two-party system is flawed, one in which each party in turn works to dismantle the work of the party formerly in power — and the cycle goes round and round, wasting billions of taxpayer dollars. Progress has been brought to a virtual halt as the two major parties spend most of their time bickering, rather than putting their country first!

In keeping with our family-friendly policies, membership is open to non-Semitic heterosexuals of European descent. If you really care for your heritage and for the future of your family, race, and nation, fill out a Membership Application today. JOIN.NSM88.ORG

Are you ready to stand up and fight for your family, race, and nation? If not you, then who? If not now, when?
