

## MINUTES

Tusten Comprehensive Planning Committee

February 24, 2020

The meeting was called to order at 5:40 pm.

Attending: Ken Baim, Mike Farrell, Elaine Giguere, Art Hawker, Heather Jacksy, Ben Johnson, Jane Luchsinger, Crystal Weston, and consultant Peter Manning.

Art Hawker moved and Mike Farrell seconded a motion to accept the minutes of the February 10 meeting. The motion passed.

The committee resumed the review of the comp plan survey, adding and removing categories as needed.

After discussion about the various options for distribution, it was decided to send each landowner and homeowner a paper survey with a return envelope. To reach renters and those who would prefer to reply electronically, flyers will be distributed in public venues around town to announce the survey and its availability online.

Labels will be generated from the tax rolls and sorted alphabetically to make it easier to remove duplicate labels from landowners with multiple properties.

It was decided that proofing and reviewing the survey should be done by March 4, and the finished product mailed to home and land owners by March 9. A three-week period to allow for forwarded mail to be received and returned was considered sufficient. A "return by" date of April 3rd was agreed upon.

It was announced that the National Park Service Planner, Jennifer Claster will attend the March 9 meeting to talk about the River Management Plan and how it might overlay with Tusten's comp plan.

The next meeting will be held on Monday, March 9 at 6 pm. The 6 pm time was requested because of meeting conflicts. Subsequent meetings will be held at 5:30.

After Art Hawker moved to adjourn, the meeting ended at 7 pm.

Respectfully Submitted,  
Elaine Giguere
