To Whom it May Concern:

Please accept this strong letter of recommendation on behalf of Paul Giglio. Having known Paul for the past year and having overseen his recent internship, I feel well qualified to comment on his strengths and abilities.

Paul approached me this past fall about receiving internship credit for his leadership role in the newly formed Pep Band. I was aware of some of Paul's prior experiences in leadership roles on campus and was impressed with his desire to grow the fledgling Pep Band. I subsequently enrolled Paul in the Public Service Internship Program which is a SUNY-wide course available to students interning with public organizations. The Program requires weekly reflective journals, a final paper, résumé assignment, portfolio and final presentation. Paul exceeded all course requirements and received a well-deserved A for his efforts.

More importantly, in his role as President of the Pep Band, Paul was able to dramatically increase the number of student members and increase the awareness of the Pep Band on campus. Paul also mentored and supervised the less experienced students to groom them for future leadership roles. It was really quite remarkable to see the transformation of the Pep Band under Paul's guidance.

As you can see from Paul's résumé, he has a wealth of on and off-campus experiences. I highly recommend Paul for professional positions as well as graduate programs. If I can provide any additional assistance, please do not hesitate to contact me at 585-395-5422 or
