**Jim O'Donnell—
CEO and Founder
Trucker Tax Service**

Hello, my name is Jim O'Donnell. While I have a background in finance, I was never as excited about using it till I got in the trucking industry well over ten years ago. I have talked with literally thousands of OTR drivers over the past ten-plus years since I opened the doors to Trucker Tax Service and have loved every minute of it. I have saved thousands of dollars for hundreds of drivers because I know drivers and I know your taxes.
