I want to personally thank you for the school supply donations. That was very thoughtful for you going out of your way to assist our kids in care and or on our caseloads. My children were very excited and thankful for the supplies. The smiles on their faces were priceless. You are truly an angel to assist with so many families. Thank you again so much for your generosity.

Thank you

“I would like to thank Stacey and everyone who participated in donating school supplies for the children. It brought the children excitement and they were all eager to start school with their new backpacks and supplies. I am sincerely grateful for getting the opportunity to see the children’s happy faces when receiving their backpacks. The community support such as yours definitely makes a difference in children’s lives.
