

Doggie, Doggie, Where's Your Bone?

Cut out the ABC's and the bone. Place the letters {you can put all 20 or fewer} on the table and hide the bone under one of the letters. ~~_____~~

~~_____~~ This is a great activity for helping your child identify the letters of the alphabet. If your child correctly guesses where the bone is hidden, have fun saying your ABC's together up to that point. You can also have your child put the letters in order independently.
