

Fort Pierce Police Officers Association

Your Generosity Can Help Your Police Officers Have a Home

Future Goals:

Community Events and Fund Raisers

Provide a Safe location for Fort Pierce Police Officers and their Families to get together and relieve stress.

Provide a home for this association, as well as the TC Law Enforcement Wives Association which help support the police officer and their family.

Creating a catalyst for improving officer Moral which can reduce attrition within the city.

Joint Association Meeting with The Fort Pierce, Port Saint Lucie, and Saint Lucie County Deputy Associations.

The creation of a community sponsorship program that can provide scholarships and funding for those in need in our community.

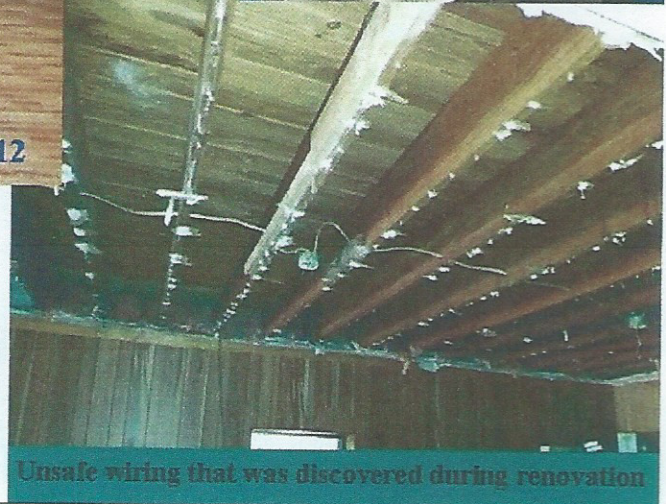

Originally built in the 1950's, the building at 2505 Atlantic Avenue has seen it fair share of history, as it was the home of the Fraternal Order of Police for nearly 30 years, before they relocated, and it was taken over by the Police Benevolent Association. Unfortunately, due to lack of funding, the building was left abandoned in the late 1990's until our association acquired the building in 2008. Some minor renovations have been made but it is still in desperate need of a full renovation to bring the wiring, plumbing, and insulation up to code. With your help we can finally have a home again.

New Tile in meeting room done in 2012

1970's Doors replaced in 2014

Unsafe wiring that was discovered during renovation

Special Thanks To:

Charles Hayek of Hayek Construction & Mike Oyler and The Colonnades Community who have already committed so much to our group and our future goals.
