---

Internet Safety Education Program is specifically designed to:

- Enhance communication between parents and children about online safety
- Minimize the risk that children will be lost, abducted, or lured over the internet, and inform parents what to do if a child is missing
- Discuss how community members can collaborate to supervise online activities

Elements of the program include:

- Tips for Keeping Children Safe Online
- Cyberbullying, Sexting and Sextortion
- Popular Apps and Programs to Monitor Online Usage

Detectives with the Sugar Land Police Department assigned to the Houston Metro Internet Crimes Against Children's (ICAC) Task Force will be giving this presentation

**THIS PROGRAM IS FOR PARENTS ONLY DUE TO CONTENT**
