Once M.E.S.A. unloads medical equipment in a needy country, who benefits from the donations? Only the world’s most vulnerable citizens, that’s who!

M.E.S.A.’s New Warehouse

Resource Centers International

Resource Centers International (RCI) is a project of the Rotary Clubs of District 6600 and its international arm M.E.S.A., in conjunction with the Rotary Club of Belmopan, Belize. Also actively involved are The University of Belize, Owens Community College, The Peace Corps, Word at Work, Belize Natural Energy Trust, and the communities and people of Belize.

The mission of RCI is to establish Resource Centers in Infant programs, Preschools, and libraries in communities that lack basic resources.

International Service Projects of Rotary District 6600
M.E.S.A. Warehouse
1370 North Main Street
Fostoria, OH 44830

The M.E.S.A. warehouse is in Fostoria, Ohio and has 26,300 square feet of usable space. Located in the heart of Rotary District 6600, it will serve M.E.S.A.’s needs for years to come. Please make arrangements to bring members of your Rotary Club to visit, to organize a work party, or to hold a meeting in the open space.

Used, but usable, medical and other equipment is vitally needed in developing countries around the world. M.E.S.A. is the intermediary! Medical doctors, dentists, clinics, nursing homes, and hospitals have equipment that M.E.S.A. can use!
Understanding the needs of receiving countries involves.....

> Establishing a relationship in order to build a network of Rotary and community leaders in supported countries. Members of the M.E.S.A. Steering Committee are regularly in contact with their counterparts in Central America. For other parts of the world, ad hoc project coordinators provide the communication necessary for mission success.

> Participating in project fairs in Central America. Each January, a country in Central America hosts a project fair known as the Uniendo Conference. Rotarians from all over North America join to help identify the needs and plan strategies in the fight against the ravages of disease, hunger, illiteracy, and poverty.

M.E.S.A. (Medical Equipment and Supplies Abroad) urges all hospitals, doctors, medical groups, clinics, rehabilitation centers, nursing homes, home health agencies, medical equipment manufacturers, medical suppliers, teaching institutions, and related institutions and businesses to “partner” in the efforts to meet the urgent needs in less developed parts of the world. Resource Centers International (RCI) is a subcommittee of M.E.S.A.. RCI works to educate K-8 children in Central America and Jamaica. To that end, M.E.S.A. receives, stores and ships medical, educational, and humanitarian equipment and supplies. That includes but is not limited to:

Ambulances *, Fire Trucks
EKG Machines, Ultra Sound Equipment
Sterilizers, Defibrillators
Gurneys, Surgical instruments
Microscopes, Dental Drills
Stretchers, Dental Chairs

Anesthesia, Laboratories
Blood Banks, Diagnostics
Physical Therapy, Occupational Therapy

Eye Glasses, Crutches
Wheelchairs, Braces
Walkers, Prosthetic Limbs
Splints, Hearing Aids

Bandages, Surgical Masks
Gloves, Single Use Kits
Diapers, Needles, Scrubs

Beds, Blankets, Bed Linens
Blankets, Lighting
Curtains, Baby Clothes & Blankets
Mattresses

Computers, School Supplies, School/Office Furniture,
Craft and Art Supplies, Televisions, Children’s Reading
Books and VHS Machines

* Ambulances: < 10 years and pass inspections

> M.E.S.A. sends medical equipment and supplies around the world. A few of the places are noted on this map.

* M.E.S.A. will not take out-of-date pharmaceuticals. Equipment must be complete and operational, and include all manuals.
