Consigned by Randy & Tara Cipriano
RTC Llama Ranch
Garland, NE

At RTC Llama Ranch we've worked diligently the past 33 years making selective breeding decisions and Toomisu RTC is a mantel piece for the process. Toomisu RTC is a proven female and is bred back to GNLC Scorcher. Toomisu RTC is a sixth generation RTC, she is a great example of this breeding program. Toomisu is always in perfect picture position, big and has beautiful silky fiber with coverage from head to toe. She is splashy, colorful, tall, well balanced with a long stretchy neck, she exudes presence with great conformation, a lot of bone and gorgeous head and ears. Her pedigree includes, Lopez, Federico, The Boss, Peruvian Commodore, RAR Richochet, Argentine Fresco, Kala Shay RTC, Toocoolo RTC and Simba RTC. You don't luck into consistency, RTC Llama Ranch breeds with a purpose. RTC Llama Ranch proudly presents Toomisu RTC and her female cria on the side, Tia RTC #294079.
