

August 2021/Apple Tree Prep, Athens

Dear ATP Parents,

Happy August and beginning of a new school year! This is the month of new beginnings for many. Students are transitioning to classrooms, parents are coming to drop off and pickup, and summer fun is coming to an end.

Last month, the students studied Independence Day, Transportation, Insects, Sports, and Spirit Week. The students enjoyed their water play and pizza party. Thanks for the donations! As we move into a new school year, our weekly themes have changed just a little, but we are excited about the upcoming weeks and themes. This month we will study Back to School: Learning the Classroom Rules and Routines, All About Me & My Family, The Importance of Friendships, Identifying Feelings, and The Importance of Social & Emotional Skills.

As a school, we are moving into a new school year and will continue to work hard on creating a safe, fun, and learning environment.

Over the next couple of weeks, please check your emails often. This is where Admin updates and information will come.

We are moving in safety, cleanliness, and love.

A BIG THANK YOU TO THE PARENTS OF ATP-ATHENS:

Thank you all for contacting us and notifying us of COVID related situations. All facilities can't say that they have parents who are making them aware. We want you to know that we are **grateful** for having parents who care about their child, their child's classmates, and the safety of our staff.
