

New Jersey Traffic Safety Specialist (TSS) Certification Program Level 1

Revised February 2019

New Jersey Traffic Safety Specialist (TSS) Program

Description

The Traffic Safety Specialist (TSS) Program was first established in Maryland with funding provided by the Maryland Highway Safety Office to support the Maryland Strategic Highway Safety Plan. The TSS designation is a statewide consistent recognition of police officers who attained notable experience, education, training, and proficiency in Highway Safety and Traffic Enforcement methods and procedures. The program began in 2011 and was opened to police agencies that performed law enforcement duties. Designations were developed by a Criteria Selection Committee, in coordination with the Maryland Police and Correctional Training Commissions. The committee also includes representatives from the Maryland Police Chief's Association, the Maryland Sheriff's Association, and the Maryland Police and Correctional Training Commissions (MPCTC).

The New Jersey Traffic Safety Specialist (TSS) Program intends to promote highway safety among police officers, as well as provide a mechanism for support, acknowledgement, recognition, and prestige among officers who have achieved advanced levels of training proficiency. This award program serves to motivate officers who have attained notable levels of proficiency in safety. A long-term commitment to the program is required, which results in outside recognition of highway safety efforts. This designation is not considered an advanced rank, nor does it qualify for an increase in pay compensation, but has been recognized as a testament to an officer's level of training in the court of law.

Program Requirements

The TSS Program is open to all Law enforcement officers in recognition of extraordinary achievement, while promoting traffic safety on New Jersey roadways. Eligibility involves officers enrolling in the program and submitting documentation materials required for specific TSS Designation Levels that are being pursued.

Applicants must:

1. Be an actively-employed, sworn officer in "good standing" by any New Jersey law enforcement agency
2. Complete New Jersey police academy officer certification
3. Submit the appropriate TSS documentation forms (e.g. course list, certificates of completion, and course syllabus)
4. Ensure that TSS Verification forms are signed by an agency supervisor or designate
5. Ensure that all TSS documentation forms are submitted by a quarterly Deadline

1st Quarter
March 31

2nd Quarter
June 30

3rd Quarter
September 30

4th Quarter
December 31

Traffic Safety Specialist (TSS) Specifications

The TSS program requires documentation of experience levels, training, job performance, and skill proficiency as a traffic officer. The first phase enables officers to be recognized for specialized training beyond the academy. **Level I** requirements include three years of independent patrol/traffic experience, speed detection device certification, standard field sobriety certification, and 30 points of earned electives. One elective point is also awarded for each year (up to three points) of documented military experience.

Points are also awarded for documented college experience. **Associate = (1) pts. Bachelors = (2) Masters = (3) pts.** Applicants may also obtain up to seven points for traffic safety awards received from Law Enforcement, Traffic Safety Organizations and Advocacy Groups such as MADD & SADD, during their employment.

After the **TSS - Level I**, has been successfully attained, the **TSS- Level II** requires applicants participate in local traffic studies or traffic safety implementation projects. Applicants must also have six years of uniform patrol/traffic safety division experience, hold the **TS-Level I** for one year, and have completed **Crash Reconstruction**, or be **ACTAR** Certified, or a **Drug Recognition Expert**, or completed **Police Traffic Safety Engineering** training course. A traffic study written report will be submitted by applicants, along with proof of (30) Additionally earned Elective Option credits.

Table 1. Traffic Safety Specialist Designation

Categories	Level I	Level II
1. Patrol Experience	3 Years	6 Years
2. TSS Level Designation	n/a	Level I (Held for 1-Year)
3. Certifications	Speed Detection Device Field Sobriety Test Cert.	Completion of Crash Reconstruction, DRE recognition, Police Traffic Engineering training or ACTAR Certification or other approved Instructor Certification's.
4. Elective Options* Military (3 points) Post-Secondary (3 points) Traffic Awards (7 points)	30 points	30 points (Cannot be repeated from TSS-1)
5. Written Reports	n/a	Traffic Study Written Report Participant Level

Over seventy existing courses are currently available in nine designated areas at county-based police academies. Several nationally sponsored programs (i.e. FBI, IPTM, and NIMS) are held in New Jersey and sponsored by the NJSP. One half point is awarded to courses that are four hours in duration, while maximum credit of 10 points will be received for 80-hour training programs. The approved Course Lists are attached to both the TSS-1 & TSS-2 applications.

The TSS project has established the New Jersey Review Committee of state representatives. Program sponsors were invited to participate in a quarterly review process with Kean University being responsible for awarding continuing education credits. Kean University will also take leadership as the Committee Chairperson for the proposed ten-member committee. The Committee role will be to annually review courses for approved points and offer input into the review process.

New Jersey Review Committee Membership

- ◆ Dr. Claudia Knezek (Chairperson) & Michael Tullio, Kean University
- ◆ Pam Chappelle, Rutgers CGS
- ◆ Ken Drost, NJPTOA
- ◆ Eric Nelson, NJPTOA
- ◆ Richard Maxwell, NJPTOA
- ◆ Chris Dudzik, NJ Crash Investigation
- ◆ Rutgers NJ Law Office Representative

Technical Advisor: Dr. James Drylie, Kean University, Criminal Justice Department

This volunteer program was piloted through the Ocean County Police Traffic Officers Association, beginning in February 2016. Kean University staff, on behalf of the Division and the NJSP, will continue to implement the successfully proven Maryland Traffic Safety Specialist Program in New Jersey. Crash Investigation faculty will also be recruited to develop and instruct courses that are not currently available but requested by local agencies (e.g. Crash Investigation Refresher Training).

To obtain a fillable PDF electronic version of the TSS-1 application Email: Michael Tullio (TSS Program Coordinator) Tulliomike@comcast.net

NOTE: Before completing, please read this application thoroughly. Then complete and submit **pages #9 through #15 only**. Be sure to Include copies of certificates or other appropriate documentation. Submit completed application and certificate copies in PDF format if possible. Before one of the quarterly deadlines.

APPROVED ELECTIVE COURSE LIST BY TOPIC AREA

(List represents presently approved courses for elective credit and training venues)

Drug Interdiction

<u>Course # /Title</u>	<u>Hours</u>	<u>Points</u>	<u>Academy/Agency/Hosts</u>
DI-1. DRE	80	10	Various NJ Academies/NJSP – Staff Instructors
