## **SPONSOR PACKAGE**

**IT'S FAST...IT'S FUN  
IT'S A FAMILY SPORT!!!**

Team Penning is a sporting event that involves the movement of cattle by a team of 3 riders on horseback. The sport was created to preserve the traditional skill sets of working cow horses and handlers. Penning challenges modern riders and mounts to compete in a timed event to identify, move and pen specific cattle from a herd in a limited amount of time. It is a timed event that involves speed, precision and strategic planning in order to quickly and accurately cut and pen the cattle. Teams of three horses and riders use their combined athleticism and horsemanship to humanely separate 3 particular numbered cows and herd them into a pen in under 60 seconds. Time is of the essence, making this challenging sport even more exciting as the clock ticks. Penning offers participants the opportunity to incorporate all of their working cow horse skills in a fast-paced, fun, team-oriented competition while embracing the roots of the western lifestyle.
