## Packaging, & Installation

Free Standing Poles with X Stages are heavy duty portable poles that require no ceiling to floor installation, and built for both static/spin. All X Stages come with an Allen wrench, 9ft Pole, Stage base/frame, X joint, 6 stage panels, DVD/Paper Instructions, and Carrying Cases for easy transportation. Poles and stage bases have a combined height of 10ft, and require a minimum of 11ft of ceiling height for proper setup. In depth instructions can be found on the manufacturer website: [www.xpoleus.com](http://www.xpoleus.com).
