

VIRGO REVELATION 12 SIGN II

The purpose of this illustration is to show that the coefficient of the number 50 is tied to the liberation of the Temple Mount during the Six-Day War in June 7, 1967 to the countdown of a 1 Week or 7-Day prophetic pattern from the distance of the Moon 7 days out from the great book of Revelation 12 Virgo sign. The 50th year exactly lands on a penumbral Lunar eclipse on September 16, 2016. The Virgo sign will be accented by the Comet 67p that perhaps highlights the '67, as in 1967 year of the liberation of the City of the King. Interestingly the Chief Rabbi of the IDF at the Wall was 50 years old and the 50th year since then will concur with the year 5777. This study suggests that the distance the Moon will travel to the Virgo sign will be a 'Menorah' Pattern.
