Register of Deeds of Wake County, North Carolina, Association operational costs, management fees, master association dues, improvement and maintenance costs (including those for the Common Elements, the Private Streets, the landscaped areas of rights-of-way, storm drains, detention basins and any easements granted to the Association), costs, expenses, damages, repairs and liabilities reasonably incurred by the Association in fulfilling the purposes of this Declaration other expenses agreed by the Members to be "Common Expenses", and reserves for any of the foregoing purposes.

8.3 Purpose of Master the Association Assessment. The Master Association Assessment shall be used exclusively for funding all Shared Common Expenses. "Shared Common Expenses" shall include but not be limited to, taxes, assessments, and governmental liens assessed against the Shared Common Elements, liability insurance, Master Association operational costs, management fees, Master Association dues, improvement and maintenance costs (including those for the Shared Common Elements, the Private Streets, the landscaped areas of rights-of-way, and any easements granted to the Master Association), costs, expenses, damages, repairs and liabilities reasonably incurred by the Master Association in fulfilling the purposes of this Declaration and any declaration that may be recorded against the Breezewood I Property other expenses agreed by the Members of the Breezewood II Condominium Regime and the members of the Breezewood I Condominium Regime to be "Shared Common Expenses", and reserves for any of the foregoing purposes.

8.4. Notice/Due Dates. Written notice of a Special Assessment or a change in the Annual Assessments, whether for the Association or the Master Association, shall be sent to every Owner subject thereto at least fifteen (15) days in advance of its due date. The due date for an assessment whether for Association Assessment or a Master Association Assessment shall be established by the applicable board of directors, in the case of Annual Assessments, or by the majority vote of the Owners, in the case of Special Assessment. The Association and the Master Association shall, upon demand at any time, furnish a certificate in writing signed by an officer of the Association or the Master Association, as applicable, setting forth whether the assessments on a specified Unit have been paid. A reasonable charge may be assessed by the issuing association for the issuance of these certificates. These certificates shall be conclusive evidence of payment of any assessment as to third parties acting in reliance on the statement.

8.5. Annual Assessments.

8.5.1. The Annual Assessments shall commence as of the date declared by the Association's Board and the Master Association's Board, as applicable. All Units created as of that date shall begin paying Annual Assessments in proportion to their Common Expense Liability and Shared Common Expense Liability, as the case may be. As to Units created thereafter, Annual Assessments shall commence on the first day of the month following the date it becomes a Unit; i.e., the date the applicable Amendment to the Declaration and the applicable Breezewood II Plat(s) and Plan(s) are recorded. The Annual Assessments for the first calendar year for a Unit shall be adjusted according to the number of months remaining in that calendar year. Except as may be specifically provided to the contrary in this Declaration, Annual Assessments, in the amount determined under Sections 8.5.2 and 8.5.3 hereafter, shall be charged to each Owner of a Unit. Until the Association Board and the Master Association Board

BK013280PG02444

elect to have the Annual Assessments commence, the Declarant shall pay all Common Expenses and that portion of the Shared Common Expenses as are attributable to the Breezewood II Condominium Regime. There shall be no requirement however that the Association Assessments and the Master Association Assessments commence at the same time.

8.5.2. On or before January 1st of each year, the Association Board shall adopt a proposed budget. This proposed budget shall include all anticipated revenues (including revenues from Association Assessments to be charged in the next Annual Assessment Period), the anticipated Common Expenses for the Association for that same period, and any surplus or deficit in the Association Assessments from the prior years. Within thirty (30) days after adoption of any proposed budgets, the Association Board shall send each Owner a copy of their proposed budgets and notice of a scheduled meeting of Owners to consider their ratification. The date of those meetings shall be not less than fourteen (14) nor more than thirty (30) days following the date of the notice of the meetings. The proposed budgets shall be deemed ratified unless a Majority in Interest of all of the Owners reject the proposed budget. There shall be no requirement that a quorum be present at the meetings. The approved Association budgets shall be the basis for calculating the Association Assessments to be charged for each Unit for the upcoming Annual Assessment Period. Upon adoption of the approved budget, the Association Board shall calculate the amount of the Association Assessment for each Owner of a Unit and send a notice of that amount to each Owner of a Unit as required under this Declaration. The failure or delay of the Association Board to prepare or adopt a budget or to determine the Common Expense Liability for any assessment period shall not be deemed a waiver, modification or release of the Owners' obligation to pay Association Assessments. In such event, the Association Assessments that were computed on the basis of the Common Expense Liability for the last assessment period shall continue to be the Annual Assessments payable by the Owners until a new budget is approved by the Association.

8.5.3. On or before January 1st of each year, the Master Association Board shall adopt a proposed budget. This proposed budget shall include all anticipated revenues (including revenues from Master Association Assessments to be charged in the next Annual Assessment Period), the anticipated Shared Common Expenses for the Master Association for that same period, and any surplus or deficit in the Master Association Assessments from the prior years. Within thirty (30) days after adoption of any proposed budgets, the Master Association Board shall send each Owner a copy of their proposed budgets and notice of a scheduled meeting of Owners in the Breezewood II Condominium Regime and owners in the Breezewood I Condominium Regime to consider their ratification. The date of those meetings shall be not less than fourteen (14) nor more than thirty (30) days following the date of the notice of the meetings. The proposed budgets shall be deemed ratified unless a Majority in Interest of all of the Owners reject the proposed budget. There shall be no requirement that a quorum be present at the meetings. The approved Master Association budgets shall be the basis for calculating the Master Association portion of the Annual Assessment to be charged for each unit in the Breezewood I Condominium Regime and for each Unit in the Breezewood II Condominium Regime for the upcoming Annual Assessment Period. Upon adoption of the approved budget, the Master Association Board shall calculate the amount of the Master Association Assessment for each owner of a unit in the Breezewood I Condominium Regime and each Owner of a Unit in the Breezewood II Condominium Regime and send a notice of that amount to each owner or Owner

BK013280PG02445

as the case may be. The failure or delay of the Master Association Board to prepare or adopt a budget or to determine the Shared Common Expense Liability for any assessment period shall not be deemed a waiver, modification or release of such Owner's or owner's obligation to pay Master Association Assessments. In such event, that portion of the Annual Assessments that were computed on the basis of the Shared Common Expense Liability for the last assessment period shall continue to be the Annual Assessment payable by the Owners until a new budget is approved by the Master Association Board.

8.5.4. Declarant may, but shall not be obligated to, loan the Association and/or the Master Association money to the extent that Annual Assessments paid by the Owners are inadequate. Any such advance shall be to the Association and/or the Master Association, as applicable, and on terms generally available to Declarant from its lending institution. Declarant, if also an Owner, shall also be responsible for the payment of Annual Assessments as otherwise required by this Article.

8.6. Special Assessments. In addition to the Annual Assessments, the Association, acting without the Master Association, or the Master Association, acting without the Association or the Association and the Master Association, acting together, as the case may be, may, from time to time, levy a special assessment (the "Special Assessment") for the purpose of defraying in whole or in part the cost of any unexpected expense of either the Association or the Master Association or both the Association and the Master Association as the case may be. A Special Assessment shall require the assent of the Owner(s) holding not less than sixty-seven percent (67%) of the Allocated Common Element Interests or the Allocated Shared Common Element Interests, as applicable. An Owner's pro rata share of each Special Assessment shall equal its Allocated Common Element Interest percentage if levied by the Association; its Allocated Shared Common Element Interest percentage if levied by the Master Association and the combined total of the Allocated Common Element Interest percentage and the Allocated Shared Common Element Interest percentage if levied by both the Association and the Master Association. A Special Assessment shall be collected from those Owners of Units which exist as of the date the Special Assessment and approved by the Members.

8.7. Initial Assessment. At the initial sale of a Unit from the Declarant to a third-party purchaser, in addition to the Annual Assessments otherwise due for the remainder of the then current payment period, an amount equal to two (2) months' of the then current Association Annual Assessments and two (2) months of the Master Association Assessment (the "Initial Assessment") shall be collected from the purchaser and paid to the Association and the Master Association as their interests appear. The Initial Assessment shall not constitute advance payments of Annual Assessments, but shall nevertheless be used by the Association and the Master Association as their interests appear in the manner specified for Annual Assessments.

8.8. Fines. The Association's Board and the Master Association's Board as applicable may impose fines against any Unit for a failure to comply with this Declaration or any Association Rules & Regulations or Master Association Rules & Regulations either of said associations may duly adopt. These fines shall be treated as a Special Assessment otherwise due to the Association or the Master Association, as the case may be, from that Owner. Fines shall be paid not later than thirty (30) days after notice of the assessment is given to the offending

BK013280PG02446

Owner. These fines shall not be construed to be exclusive, and shall exist in addition to all other rights and remedies to which the Association and the Master Association may be otherwise legally entitled. Any fine paid by the offending Owner shall nevertheless be deducted from or offset against any damages that the Association and the Master Association may otherwise be entitled to recover by law from that Owner.

8.9 Uniform Rate of Association Assessment. The Common Expense Liability allocated to each Unit shall equal a fraction, the numerator of which is one (1) and the denominator of which is the total number of Units included within the Breezewood II Condominium Regime at that time. Association Assessments and Special Assessments must be fixed at a uniform rate in accordance with their relative Common Expense Liability, for all Units, as the case may be. Provided, however, that the Association shall also have the authority, through the Association Board to establish, fix and levy a Special Assessment on any Unit to secure the liability of that Owner to the Association arising from the Owner's breach of any of the provisions of this Declaration.

8.10 Uniform Rate of Master Association Assessment. The Shared Common Expense Liability allocated to each Unit shall equal a fraction, the numerator of which is one (1) and the denominator of which is the total number of Units included within the Breezewood II Condominium Regime at that that time. The Master Association Assessment and any Special Assessment must be fixed at a uniform rate in accordance with their relative Shared Common Expense Liability, as applicable, for all Units, as the case may be. Provided, however, that the Master Association as the case may be shall also have the authority, through the Master Association Board, to establish, fix and levy a Special Assessment on any Unit to secure the liability of that Owner to the Master Association, arising from the Owner's breach of any of the provisions of this Declaration.

8.11. Non-Payment of Assessment Remedies of the Association and Master Association. Any Association Assessment or Master Association Assessment, which is not paid when due, shall be delinquent. The Association or the Master Association, as applicable shall have the option to declare the entire outstanding balance of any Association Assessment or Master Association Assessment immediately due and payable if any installment thereof becomes delinquent. If either the Association Assessment or the Master Association Assessment is not paid within thirty (30) days after the due date, then such assessments shall incur a late charge set by the Association Board or the Master Association Board, as applicable and shall bear interest from the date of delinquency at the greater of the rate set by the Association's Board or the Master Association's Board, as applicable, or twelve percent (12%) per annum. The Association or the Master Association, as the case may be, may bring an action at law against the responsible Owner and/or foreclose the lien against the applicable Unit. Interest, costs, and reasonable attorney fees of any such action shall be added to the amount of the delinquent assessment. Each Owner, by the acceptance of a deed to a Unit, expressly vests in the Association and the Master Association, as applicable, their agents or assigns, the right and power to bring all actions against the Owner, personally, for the collection of all debts due by it to the Association and/or the Master Association, as applicable, and to enforce the lien by all methods available for the enforcement of such liens, including foreclosure by an action brought in the name of the Association or the Master Association in a like manner as a mortgage or a deed of trust lien on

BK013280PG02447

real property. Each Owner also expressly grants to the Association or the Master Association, as their interest may appear, a power of sale in connection with foreclosure of a lien for assessments, whether Annual Assessments or Special Assessments and whether an Association Assessment or a Master Association Assessment. The Lien provided for in this Article shall be in favor of the Association or the Master Association, as applicable, acting on behalf of the Owners, which shall have the power and the right to bid in at foreclosure and to acquire and hold, lease, mortgage and convey the foreclosed Unit. No Owner may waive or otherwise escape liability for assessments by non-use of the Common Elements or Shared Common Elements or abandonment of his Unit.

8.12. Subordination of the Lien. The lien of the Association Assessment and the Master Association Assessment inclusive of any Special Assessment shall be subordinated to the lien of any Mortgage on a Unit. Provided the Association and the Master Association are given prior written notice of such, the sale or transfer of a Unit pursuant to a Foreclosure shall extinguish the lien of the delinquent Association Assessment and Master Association Assessment for that Unit. Otherwise, the sale or transfer of a Unit shall not release or otherwise affect the lien of delinquent assessments whether owed to the Association or the Master Association; provided, that no Owner shall be liable for the payment of any part of any assessments assessed either by the Association or the Master Association against its Unit subsequent to a sale, transfer, or other conveyance by it of that Unit. In no event, however, shall any sale or transfer, whether pursuant to a Foreclosure or not, relieve the prior Owner from personal liability for the delinquent Association Assessment or Master Association Assessment or the Unit from liability for any such assessments subsequently becoming due or from the lien therefore.

8.13. Surplus Funds. Surplus Funds shall be either distributed to the Owners, pro rata, in accordance with their respective Allocated Common Element Interests and Shared Common Element Interests or be used as a credit against each Owner's future Association Assessment, as determined by the Association Board and Master Association Assessment as determined by the Master Association Board respectively.

9. PARTY WALL.

9.1. General Rules of Law to Apply. Each wall which is built as a part of the original construction of a Unit and placed on the dividing line between the Units and all reconstruction or extensions of such walls shall constitute party walls. To the extent not inconsistent with the provisions of this Article, the general rules of law regarding party walls, lateral support, in-below ground construction and of liability for property damage due to negligence or willful acts or omissions shall apply.

9.2. Sharing of Repair and Maintenance. The cost of reasonable repair and maintenance of a party wall shall be shared by the Owners who make use of the wall in proportion to such use.

9.3. Destruction by Fire or other Casualty. If a party wall is destroyed or damaged by fire or other casualty, any Owner who has used the wall may restore it. If other Owners make

BK013280PG02448

use of the wall, they shall contribute to the cost of restoration thereof in proportion to such use; subject, however, to the right of any Owners to call for a larger contribution from the others under any rule of law regarding liability for negligence or willful acts or omissions.

9.4. Construction or Reconstruction. The Owner may construct or reconstruct a party wall subject to and within the limitations of architectural control and other limitations of this Declaration and the Act with the right to go upon the adjoining Unit to the extent reasonably necessary to perform the construction or reconstruction. The construction or reconstruction shall be done expeditiously. Upon completion of the construction or reconstruction, the Owner shall restore, as is reasonably practicable, the adjoining Unit to as near the same condition which existed on or before the commencement of the construction or reconstruction.

9.5. Weatherproofing. Notwithstanding any other provisions of this Article, an Owner who, by his negligence or willful act, caused the party wall to be exposed to the elements shall bear the whole cost of furnishing the necessary protection against those elements.

9.6. The Right to Contribution Runs with the Land. The right of any Owner to contribution from any other Owner under this Article shall be appurtenant to the Unit and shall pass to the Owners' successors in title.

9.7. Contribution Certification by Adjoining Unit Owner. If any Owner desires to sell his Unit, he may, in order to assure a prospective purchaser that no adjoining Owner(s) has a right of contribution as provided in this Article, request that the adjoining Owner(s) provide a certification that no right of contribution exists. It shall be the duty of each adjoining Owner to make such certification immediately upon request and without charge; provided, however, that where the adjoining Owner claims a right of contribution, the certification shall contain a recital of the amount claimed. In the event an adjoining Owner refuses or neglects to provide such certification, it shall be deemed a waiver of the right of the party failing to provide such certification to proceed against such Owner or his successors for any contributions which may have accrued to that date.

9.8. Removal/Relocation of Party Wall. Anything contained in this Declaration to the contrary notwithstanding, the Declarant shall have the right to relocate, remove or alter any intervening partitions or party walls between adjoining Units or create apertures therein, even if the partition or party walls in whole or in part is a Common Element, if those acts do not impair the structural integrity or mechanical systems or lessen the support of any portion of the Breezewood II Condominium Regime. Any purchaser of a Unit from the Declarant by acceptance of a Deed shall be deemed pursuant to this Declaration to have given prior consent and approval to such a relocation, removal or alteration, and the Declarant is hereby declared to be the authorized designee of the Association to file an amendment to this Declaration and the Breezewood II Plat(s) and Plan(s) with the Register of Deeds of Wake County. The mere removal or relocation of a partition or party wall between two Units owned by a single Owner shall not constitute an alteration of a Unit boundary. The relocation of a party wall between two adjoining Units shall not be deemed to be an alteration of the boundary unless and until amended Breezewood II Plat(s) and Plan(s) have been filed evidencing the agreement of such relocation and to the extent necessary this Declaration has been amended and a deed executed delivered and

recorded by the appropriate party. Any alteration in the boundaries of a Unit accomplished pursuant to the provisions of this paragraph shall result in a change in the Allocated Common Element Interests and vote of the Unit as calculated pursuant to this Declaration.

10. INSURANCE/CONDEMNATION.

10.1. Association Coverage.

10.1.1 The Association Board and the Master Association Board as the case may be shall obtain and maintain, to the extent available, casualty insurance (ISO special for or its equivalent) for the Buildings, Units, Common Elements, Shared Common Elements and the Limited Common Elements, covering the interest of the Association, the Association Board, the Master Association, the Master Association Board, and all Owners and their mortgagees and trustees of those mortgagees, as their interests may appear. Such coverage shall: (a) be in an amount equal to one hundred percent (100%) of replacement value, (b) have a commercially reasonable deductible not in excess of \$10,000.00; and (c) afford protection against loss or damage by fire or other hazards covered by the standard extended coverage endorsement and such other risks as from time to time customarily shall be covered with respect to buildings in similar construction, location and use, including, without limitation, vandalism and malicious mischief. This coverage shall not, however, include any improvements or betterments installed by an Owner or any of the personal property belonging to an Owner whether or not located inside a Unit.

10.1.2. To the extent obtainable, the Association Board and the Master Association Board shall also obtain and maintain (in amounts to be determined by it): (1) fidelity insurance covering all members of the Association Board, and the Master Association Board, officers, agents, managers or employees of the Association and the Master Association who handle funds of the Association and the Master Association; (2) workmen’s compensation insurance; (3) commercial general liability insurance covering all damage or injury caused by the Association or the Master Association, any of its agents, or Owners (as a group) and all liabilities associated with the ownership of the Common Elements and Shared Common Elements; such insurance to be purchased at or above the limits required by City of Raleigh Code Section 10-9027(b), which presently requires one million dollars (\$1,000,000.00) in coverage and (4) such other insurance coverages as it deems desirable and necessary. The commercial general liability insurance shall not, however, cover the liability of an Owner arising from an occurrence within its own Unit.

10.1.3. The proceeds of all policies of physical damage insurance shall be payable to the Association or the Master Association as their interest may appear to be applied for the purpose of repairing, restoring, or rebuilding the Units as well as the Common Elements and Shared Common Elements unless otherwise determined by the Owners, as provided below, and the Association Board or the Master Association Board, as applicable, shall arrange for such repair or work. If the insurance proceeds are insufficient to cover the cost of such work, the balance of the cost will be assessed among all Owners in proportion to their respective interests in the Common Elements if the damage is to the Common Elements. If the damage is to the Shared Common Elements the same shall be assessed both to the Owners of Units in the Breezewood II Condominium Regime and to the owners of units in the Breezewood I Condominium Regime given both regimes share the Shared Common Elements.

10.1.4. All policies of physical damage insurance shall contain waivers of subrogation and of any reduction of pro rata liability of the insurer as a result of any insurance carried by Owners or of any invalidity arising from any acts of the insured or any Owners and shall provide that such policies may not be canceled or substantially modified without at least thirty (30) days' prior written notice to the named insured, including all first mortgagees of Units.

10.2. Owner's Coverage. Each Owner, at its own expense, shall carry full replacement cost, all risk property damage and hazard/casualty insurance for all property and improvements located within its Unit not covered by the insurance referenced in Section 10.1.1. and commercial general liability insurance in an amount reasonably determined, from time to time, by the Association's Board or the Master Association's Board as the case may be. The insurance shall be with a company, in an amount, and in a form which is acceptable to the Association's Board and the Master Association's Board, as applicable, and shall include a loss payable clause listing the Association and the Master Association as additional insureds. Each Owner shall satisfy the Association's Board and the Master Association's Board that at all times it carries the required insurance.

10.3. Repair/Reconstruction of Building.

10.3.1. In the event of damage to or destruction of a Building as a result of fire or other casualty, the Association Board shall arrange for the prompt repair, replacement, and restoration of the Building and any damaged Units (including the same or comparable fixtures and equipment installed by the Declarant, but not including any wall, ceiling, floor, or other decorations or coverings, or any furniture, furnishings, fixtures or equipment installed by Owners in the Units). The Association Board or the insurance trustee, as the case may be, shall disburse the proceeds of all insurance [policies to the contractors engaged in such repair and restoration in appropriate progress payments. The cost of repair, replacement, and restoration in excess of the insurance proceeds, if any, shall constitute a Common Expense and the Association Board may assess all the Owners for such deficit as a Special Assessment.

10.3.2 In the event of damage to or destruction of any of the Shared Common Elements, as a result of fire or other casualty, the Master Association Board shall arrange for the prompt repair, replacement, and restoration of the same. The Master Association Board or the insurance trustee, as the case may be, shall disburse the proceeds of all insurance [policies to the contractors engaged in such repair and restoration in appropriate progress payments. The cost of repair, replacement, and restoration in excess of the insurance proceeds, if any, shall constitute a Shared Common Expense and the Master Association Board may assess all the Owners of Units constructed and situated on the Property, inclusive of those owners of units in the Breezewood I Condominium Regime for such deficit as a Special Assessment

10.3.3. Notwithstanding the preceding to the contrary, such repair or replacement shall not be undertaken if: (i) the Breezewood II Condominium Regime is terminated as provided under the Condominium Documents; (ii) repair/replacement would be prohibited by any Law; or (iii) if eighty percent (80%) or more of the Owners (including all of the Owners of the damaged Units and/or Limited Common Elements) vote not to repair/replace the damage. In that event the

BK013280PG02451

entire Condominium is not repaired/replaced, the insurance proceeds shall be used/distributed in accordance with the requirements of the Act.

10.3.4. Each Owner shall nevertheless be liable for the expense of any maintenance, repair, or replacement rendered necessary by its act, neglect, or carelessness, to the extent that such expense is not met by the proceeds of insurance carried by the Association Board or the Master Association Board, as applicable. Such liability shall include any increase in fire insurance carried by the Association Board or the Master Association Board. Such liability shall include any increase in fire insurance rates occasioned by use, misuse, occupancy, or abandonment of a Unit or its appurtenances. This subsection shall not, however, be construed so as to modify any waiver by insurance companies of rights of subrogation.

10.4. Ownership/Proceeds. All contracts of insurance purchased by the Association and the Master Association shall be for the benefit of the Association, or the Master Association, as applicable, the Owners, and their respective mortgagees and such mortgagees trustees, if any, as their interests may appear, and shall provide that all proceeds thereof shall be payable to the Association or the Master Association as applicable, as insurance trustee. The sole duty of the Association or the Master Association as insurance trustee shall be to receive any proceeds as are paid and to hold them in trust for the purposes stated in this Declaration. The proceeds received by the insurance trustee shall be distributed to or for the benefit of the appropriate beneficiary(ies) as required by the Condominium Documents.

10.5. Premiums. premiums for contracts of insurance purchased by the Association or the Master Association shall be paid by the Association or the Master Association as applicable, and shall be included in Common Expenses and Shared Common Expenses as applicable.

10.6. Prohibited Acts. No Owner shall do or keep anything on the Property which shall cause an increase in the premiums for or the cancellation of any insurance maintained by the Association or the Master Association.

10.7. Condemnation. In the event of a taking in condemnation or by eminent domain of part or all of the Common Elements, the award made for such taking shall be payable to the Association. Unless eighty percent (80%) or more of the Allocated Common Element Interests of all Units (with the written approval of the applicable Mortgagees) object to the repair and restoration of such Common Elements, the Association Board shall arrange for the repair and restoration of such Common Elements and shall disburse the proceeds of such award to the contractors engaged in such repair and restoration in appropriate progress payments. In the event that a valid objection is made to repair/restoration of such Common Elements, or if the award exceeds the costs of such repair or restoration, the Association Board shall disburse the net proceeds among all Owners in proportion to their respective Allocated Common Element Interests. As used in this Section, the words "promptly approve" shall mean no more than sixty (60) days from the date of such taking.

10.8. Condemnation. In the event of a taking in condemnation or by eminent domain of part or all of the Shared Common Elements, the award made for such taking shall be payable to the Master Association. Unless eighty percent (80%) or more of the Allocated Shared Common

BK013280PG02452

Element Interests of all units in the Breezewood I Condominium Regime and all Units in the Breezewood II Condominium Regime (with the written approval of the applicable Mortgagees) object to the repair and restoration of such Shared Common Elements, the Master Association Board shall arrange for the repair and restoration of such Shared Common Elements and shall disburse the proceeds of such award to the contractors engaged in such repair and restoration in appropriate progress payments. In the event that a valid objection is made to repair/restoration of such Shared Common Elements, or if the award exceeds the costs of such repair or restoration, the Master Association Board shall disburse the net proceeds among all Owners in both the Breezewood I Condominium Regime and the Breezewood II Condominium Regime in proportion to their respective Allocated Shared Common Element Interests. As used in this Section, the words "promptly approve" shall mean no more than sixty (60) days from the date of such taking.

11. EASEMENTS.

11.1 Easements. A non-exclusive, perpetual easement is granted to the Association, the Master Association, the Affiliated Association and their designees to enter in or to cross over the Common Elements, Shared Common Elements and the Units to the extent reasonably necessary to perform their obligations under this Declaration or the Act. Every Unit shall be subject to an easement for entry by the Association and the Master Association and its designees for the purpose of correcting, repairing, or alleviating any emergency condition which arises upon any Unit and that endangers any improvement or portion of the Common Elements or the Shared Common Elements. In addition to those easements described in the following subsections, the Declarant (during the Declarant Control Period) and the Association or the Master Association thereafter shall have the right to subject the Breezewood II Property to easements which either of said associations reasonably deem beneficial to the development and/or operation of the Breezewood II Condominium and the Breezewood II Condominium Regime and shall include, without limitation, the previously recorded easements benefiting either the Breezewood I Property or the Breezewood II Property as set out in **Exhibit "K"** attached hereto and incorporated herein by reference. The cost of maintaining these easements shall be a Common Expense of the Association and the Affiliated Association or a Shared Common Expense of the Master Association as the case may be.

11.2. Utility Easements. The Declarant reserves unto itself, the Association, the Affiliated Association and the Master Association, as their interests may appear, a perpetual, nonexclusive alienable, and releasable easement and right, on, over and under the Breezewood I Property and the Breezewood II Property to erect, maintain, and use poles, wires, cables, conduits, lines, drainage ways, sewers, water mains, and other suitable equipment for the conveyance and use of electricity, telephone equipment, gas, sewer, water drainage, cablevision, or other public conveniences or utilities on, in or over those portions of such property as may be reasonably required to serve the Units of the Breezewood II Condominium Regime and to units that may be established hereafter in the Breezewood I Condominium Regime. Notwithstanding the foregoing, no sewers, electrical lines, water lines, or other utility equipment or facilities may be installed or relocated in the Common Elements or Shared Common Elements or on any part of

BK013280PG02453

the Additional Phases or the Breezewood I Property, except as approved by the Declarant or, after the end of the Declarant Control Period, the Association, the Affiliated Association or the Master Association, as applicable. Should any utility furnishing a service covered by this general easement request a specific easement by separate recordable document, Declarant or, after the end of the Declarant Control Period, the Association, the Affiliated Association or the Master Association, as applicable, will have the right and authority to grant such easement. These easements and rights expressly include the right to cut any trees, bushes or shrubbery, make any gradings of the soil, or to take any other similar action reasonably necessary to provide economical and safe utility installation to maintain reasonable standards of health, safety, and appearance. Such rights may be exercised by any licensee of the Declarant. This reservation shall not create any obligation on the part of the Declarant to provide or maintain any such utility or service. Whenever possible, utilities within the Breezewood I Property or the Breezewood II Property, whether located within the Common Elements or the Shared Common Elements, shall be installed and maintained underground. The easements provided for in this Article shall in no way affect other recorded easements appurtenant to the Breezewood II Property, the Additional Phases or the Breezewood I Property.

11.3. Temporary Construction Access and Disturbance Easement. A non-exclusive easement over through and to the Common Elements, the Limited Common Elements and the Shared Common Elements is reserved and established in favor of Declarant, the Association, the Affiliated Association and the Master Association, as applicable, for purposes of ingress, egress, regress, conduct of construction activity, storage of construction materials and the necessary disturbance of land for construction of any Unit. This easement shall be used only as and when necessary to facilitate the construction of Improvements at any time of a Unit by Declarant or Association, the Affiliated Association or the Master Association as well as the extension of driveways, sidewalks, underground drainage and utility conduit and hookups to any dwelling structure in the Breezewood II Condominium Regime or the Breezewood I Condominium Regime.

11.4. Repair, Maintenance and Reconstruction Easement. The Association, the Affiliated Association and the Master Association shall have a perpetual, non-exclusive access easement over the Common Elements, the Shared Common Elements and the Units to the extent reasonably necessary to perform repair, maintenance or reconstruction obligations under this Declaration or the Act. The repair, maintenance or reconstruction shall be done expeditiously and, upon completion of the work, the Association, the Affiliated Association or the Master Association, as applicable, shall restore, to the extent reasonably practical, the Unit and adjoining Units to as near the same condition as that which existed prior to the commencement of the work. Should either the Association, the Affiliated Association or the Master Association fail to restore the Units as required, the Owner may, at the Association's, the Affiliated Association's or the Master Association's expense, complete the required restoration.

11.5. Easement for Minor Encroachments. All Units and the Common Elements shall be subject to a perpetual, non-exclusive easement for the encroachment of the initial Improvements constructed to the extent that such initial Improvements actually encroach. These authorized encroachments shall include, but not be limited to, such items as overhanging eaves, roofs, gutters, downspouts, exterior storage rooms, bay windows, stoops, decks, patios, porches,

BK013280PG02454

management, operation, and promotion of the Unsold Units or for any other purpose, subject only to compliance with Law; and (ii) lease any Unsold Units to third parties for their occupancy.

12.2. Occupancy. BK013280PG02456

12.11. Governmental Regulations. Each Owner shall comply with all laws, ordinances, governmental building codes, health regulations, zoning restrictions and the like applicable to its Units, Common Elements and Shared Common Elements. In the event of any conflict between any provision of such governmental code, regulation or restriction and any provision of this Declaration, the more restrictive provision shall apply.

BK013280PG02457

12.12. Additional Restrictions. The Declarant (during the Declarant Control Period) and thereafter, the Association or the Association's Board or the Master Association or the Master Association's Board, as applicable, shall have the power to formulate, amend, publish and enforce other reasonable rules and regulations concerning the architectural control and use of the Property and the Jointly Owned Property, as applicable.

12.13. Use of Common Elements and Shared Common Elements. The Common Elements and the Shared Common Elements shall be used only for the furnishing of the services and facilities and for the other uses for which they are reasonably intended and which are incident to the use and occupancy of the Units. No Owner may construct, install, place, store or otherwise maintain any improvements or personal property on or within the Common Elements or the Shared Common Elements. Notwithstanding the preceding or anything in this Declaration to the contrary, Declarant shall have the right, without charge or limitation and so long as there are any Unsold Units, to: (i) erect and maintain signs of any size or content determined by Declarant on or about any portion of the Common Elements, including, without limitation, on the exterior walls of a Building or adjacent to the main entrance thereof; (ii) have its employees, contractors, subcontractors, and sales agents present on the Property; and (iii) do all things necessary or appropriate, including the use of the Common Elements, to sell, lease, manage, or operate Unsold Units, to complete any work or repairs to a Building expressly undertaken by Declarant and to comply with Declarant's obligations under the Condominium Documents. In no event, however, shall Declarant be entitled to use any Common Elements or the Shared Common Elements in such a manner as will unreasonably interfere with the use of any Unit for its permitted purposes.

12.14. Limited Liability. In no case shall the Zoning Entity be responsible for failing to provide any emergency or regular fire, police or other public service when such failure is due to lack of access to such areas due to inadequate design or construction, blocking of access routes, inadequate maintenance, or any other factor within the control of the Declarant, the Association, the Master Association, Owners or Occupants. In no case shall the City of Raleigh or the State of North Carolina be responsible for maintaining any Private Street. Such responsibility shall rest with the Association, the Affiliated Association or the Master Association.

12.15. Waiver. Notwithstanding anything above to the contrary, the Declarant (during the Declarant Control Period), the Association's Board or the Master Association's Board shall have the right, in the exercise of their reasonable discretion, to waive one or more violations of the requirements of this Article. No waiver shall be effective unless in writing and nevertheless shall not operate as a waiver of any other requirement respecting the Unit in question or any other Units subject to this Declaration. No waiver shall be effective if it shall cause the Unit or structures thereon to be in non-conformance with any Law.

13. MORTGAGES/MORTGAGEES.

13.1. Notice. An Owner shall notify the Association Board and the Master Association Board of the name and address of the Mortgagee for each Mortgage on its Unit and upon request shall file a conformed copy of the Mortgage(s) with the Association Board and the Master Association Board. Upon a Mortgagee's written request (an "Eligible Mortgagee"), the

BK013280PG02458

Association Board and the Master Association Board as the case may be shall promptly provide written notice to the Eligible Mortgagee of: (a) any unpaid Assessments due from, or any other default by, the Owner of the mortgaged Unit; (b) any condemnation or casualty loss that affects a material portion of the Building or the mortgaged Unit; (c) a lapse, cancellation, or material modification of any insurance policy maintained by the Association or the Master Association as applicable; and (d) any proposed action that required the consent of the holders of mortgages constituting first liens on Units. Upon the happening of a default under the terms of their mortgage or other liens which would permit the holder to declare the entire principal sum due, notice of the intention of the holder to do so shall be given to the Association Board or the Master Association Board, as the case may be, but the failure to give such notice shall not prevent the holder from instituting a Foreclosure action. The Foreclosure of a Mortgage will extinguish the lien for any unpaid Assessments that are payable before the Foreclosure sale.

13.2. Mortgage Approval.

13.2.1. Notwithstanding anything in Article 10 to the contrary, in the event of damage to one or more Buildings resulting from an insurable hazard or condemnation, the following actions shall require the written approval of not less than a Majority in Interest of the affected Eligible Mortgagees: (i) a repair or restoration of the damage other than in accordance with the original plans and specifications for the Units; (ii) a termination of the Breezewood II Condominium Regime rather than a repair or restoration of the damage; or (iii) a reallocation of the Allocated Common Elements Interests or the Shared Common Element Interests other than as contemplated elsewhere in this Declaration.

13.2.2. Notwithstanding anything in Section 6.1 to the contrary, any amendments to this Declaration which materially amend or add to the provisions of this Declaration relating to: (i) voting, (ii) assessments, assessment liens, or the subordination of such liens (iii) reserves for maintenance or the repair or replacement of Common Elements or Shared Common Elements, (iv) insurance or fidelity bonds, (v) rights to use of the Common Elements and the Shared Common Elements, (vi) responsibility for repair and maintenance of the Breezewood II Condominium Regime, (vii) the expansion or contraction of, or the addition, annexation or withdrawal of property to or from, the Breezewood II Condominium Regime, or (viii) the boundaries of any Unit, shall require the written approval of not less than a Majority in Interest of the affected Eligible Mortgagees.

14. ARCHITECTURAL COMMITTEE/ARCHITECTURAL CONTROL.

14.1. Breezewood II Condominium Regime

14.1.1 Members. The Architectural Committee for the Breezewood II Condominium Regime, save and except the Jointly Owned Property, shall consist of one (1) or more persons designated by the Declarant. At such time as Declarant no longer owns any part of the Breezewood II Property (or earlier if the Declarant shall surrender this right in a written instrument in recordable form executed by Declarant), the Declarant shall assign to the Association the rights, powers, duties and obligations of the Architectural Committee. Upon this

BK013280PG02459

assignment, the Association Board shall appoint three (3) or more persons as the members of the Architectural Committee. Prior to December 31, 2022, this provision shall not be amended or revoked without the Declarant's written consent.

14.1.2. Powers. The Architectural Committee for the Breezewood II Condominium Regime shall have the right to refuse to approve any plans and specifications for Improvements proposed to be constructed (the "Plans & Specifications") which are not suitable or desirable, in its sole discretion, for aesthetic or any other reasons, provided such approval is not unreasonably withheld. The Architectural Committee for the Breezewood II Condominium Regime shall not have the right to disapprove Plans & Specifications based upon the number of bedrooms within the proposed Units so long as there are not more than three (3) bedrooms in any proposed Unit. In approving or disapproving Plans & Specifications, the Architectural Committee for the Breezewood II Condominium Regime shall consider the purpose of the Declaration as discussed in the Recitals, including the suitability of the proposed Improvements and material to be used in those Improvements, the site upon which the Improvements are proposed to be erected, and the effect of the Improvements on adjacent or neighboring property. There is specifically reserved unto the Architectural Committee for the Breezewood II Condominium Regime the right of entry and inspection upon any Breezewood II Condominium Regime Unit for the purpose of determining whether there exists any construction of any Improvements which violates the terms of any approval by the Architectural Committee for the Breezewood II Condominium Regime or the terms of the Declaration or of any other applicable covenants, conditions and restrictions. The Architectural Committee, the Association Board or the Master Association Board as applicable, are specifically empowered to enforce the provisions of this Declaration by any legal or equitable remedy. In the event it becomes necessary to resort to litigation to determine the propriety of any constructed Improvement, or to remove any unapproved Improvements, the prevailing party shall be entitled to recovery of all court costs and expenses (including reasonable attorney's fees).

14.1.3. Approval of Plans & Specs. No Improvement shall be commenced, erected, or maintained upon the Breezewood II Property, nor shall an Improvement be repaired or rebuilt after destruction by any hazard until completed Plans & Specifications showing the nature, kind, space, height, materials, color and location of the Improvement shall have been submitted to and approved in writing by the Architectural Committee for the Breezewood II Condominium Regime. Unless otherwise approved by the Association, all roofs, exterior siding, fixtures and painting shall be replaced with a like or compatible material to that originally installed by the Declarant both in terms of quality and color. A failure to approve or disapprove completed Plans & Specifications within forty-five (45) days after they have been submitted shall be deemed to be an approval of those Plans & Specifications. Neither the Association, the Associations Board, the Declarant, the Architectural Committee or any officer, employee, director or members thereof shall be liable for damaged to any persons by reason of mistake in judgment, negligence or nonfeasance arising out of or in connection with the approval, disapproval or failure to approve any Plans & Specifications. Every person who submits Plans & Specifications for approval agrees, by the submission of such Plans & Specifications, that it will not bring any action or suit to recover any such damages.

BK013280PG02460

14.1.4. Declarant Facilities. Notwithstanding any provision in this Article to the contrary, during the period of development and sale of the Units the Declarant is permitted, subject to the laws of the applicable governmental authority, to maintain such facilities and conduct such sales activities as Declarant deems reasonably required, convenient, or incidental to the development and sale of the Units. These facilities/activities shall include but not be limited to sales tours, sales parties and promotions at the Shared Amenities, a business/sales office, storage area, construction yards, model units, and signs. Prior to December 31, 2022, this provision shall not be amended or revoked without the Declarant's written consent.

14.2 Jointly Owned Property. All matters involving Architectural Control and the Jointly Owned Property, the Shared Common Elements and the Shared Amenities shall be governed exclusively by the Master Association Board.

15. DEFAULT/REMEDIES.

15.1. Default. Failure of the Association Board, the Master Association Board, the Owner, or Occupant to comply with the terms of the Condominium Documents or any Rules & Regulations, as they may be amended from time to time, shall be a default and grounds for an action to recover sums due, damages and/or injunctive relief, by the Association Board (on behalf of the Association or one or more of the Owners) or by the Master Association Board, or by an Owner in its own behalf as the case may be. In the case of flagrant or repeated violations by an Owner, that Owner may be required by the Association Board or the Master Association Board to provide sufficient surety or sureties for its future compliance.

15.2. Remedies. In the event of any default in and/or breach of any of the terms, conditions and provisions of the Condominium Documents, the Association Rules & Regulations or the Master Association Rules & Regulations (either actual or threatened) the aggrieved party shall have the right to specific performance and/or injunction in addition to any and all other rights and remedies at law or in equity. In any proceeding arising because of an alleged default by an Owner, or by the Association Board, or the Master Association Board, the prevailing party shall be entitled to recover the costs of the proceedings, including, but not limited to, reasonable attorneys' fees. The right and remedies provided by this Declaration are distinct and cumulative and they use of any one right or remedy by any party shall not preclude or waive its right to use any or all other remedies. No delay or omission of a party to exercise any right or power arising from another's default shall impair any such right or power, or shall be construed to be a waiver of any such default or acquiescence therein. The rights and remedies provided in this Declaration are given in addition to any other rights the parties may have by law, statute, ordinance or otherwise.

16. TERMINATION.

16.1. The Breezewood II Condominium Regime may be terminated in accordance with the provisions of N.C.G.S. 47C-2-118. Provided, however, in the event of such termination, the Owners of Units in the Breezewood II Condominium Regime shall have no further rights in or claims to the Jointly Owned Property inasmuch as the one-half (1/2) undivided interest of the

BK013280PG02461

Declarant in the Jointly Owned Property was acquired by the Declarant subject to that certain shifting executory interest more fully described in that certain North Carolina Special Warranty deed from Breezewood Holdings, LLC to Wake North Developers, LLC recorded in Book 013267, Page 02550 in the office of the Wake County Register of Deeds.

17.1. Anti-Discrimination. No action in the enforcement or interpretation of this Declaration shall at any time be taken by the Declarant, the Association, the Master Association, the Association's Board or the Master Association's Board, which in any manner would unfairly discriminate against any Owner in favor of any of the other Owners.

17.2. Waiver. The Declarant (during the Declarant Control Period) and thereafter the Association, the Association's Board, the Master Association or the Master Association's Board shall have the right in the exercise of their reasonable discretion, to waive one or more violations of the requirements of this Declaration. No waiver shall be effective unless in writing and nevertheless shall not operate as a waiver of any other requirement respecting the Unit in question or any other Units subject to this Declaration. No waiver shall be effective if it shall cause the Unit or its Improvements to be in non-conformance with any applicable Law.

17.3. Enforcement. The Declarant (during the Declarant Control Period), the Association, the Master Association or any Owner shall have the right to enforce, by a proceeding at law or in equity, the terms of this Declaration. Failure by the Association, the Master Association or by any Owner to enforce any covenant or restriction herein shall in no event be deemed a waiver of the right to do so thereafter. The court may award the prevailing party its reasonable attorneys' fees incurred in such enforcement action.

17.4. Severability. Invalidation of any one or more of these covenants or restrictions by judgment or court order shall in no way affect any other provision which shall remain in full force and effect.

17.5. Amendment. Except as specifically otherwise provided in the Condominium Documents, this Declaration may be amended by a vote of Owners holding not less than sixty-seven percent (67%) of all of the Allocated Common Element Interests and sixty seven percent (67%) of the Shared Common Element Interests. If an amendment is properly adopted, the Board shall, within thirty (30) days cause the amendment to be recorded with the Wake County Registry. All amendments shall be effective from the date of recordation in the office of the Wake County Register of Deeds. 17.6. Disputes. In the event of any dispute concerning a provision of this Declaration, such dispute shall be settled by legal proceedings or the parties may, by mutual agreement, submit the dispute to a committee appointed by the Association and the Master Association for

BK013280PG02462
