Without the essential services provided by MSC, the ships of our U.S. Navy would be unable to deploy or be assigned to combat areas around the globe.

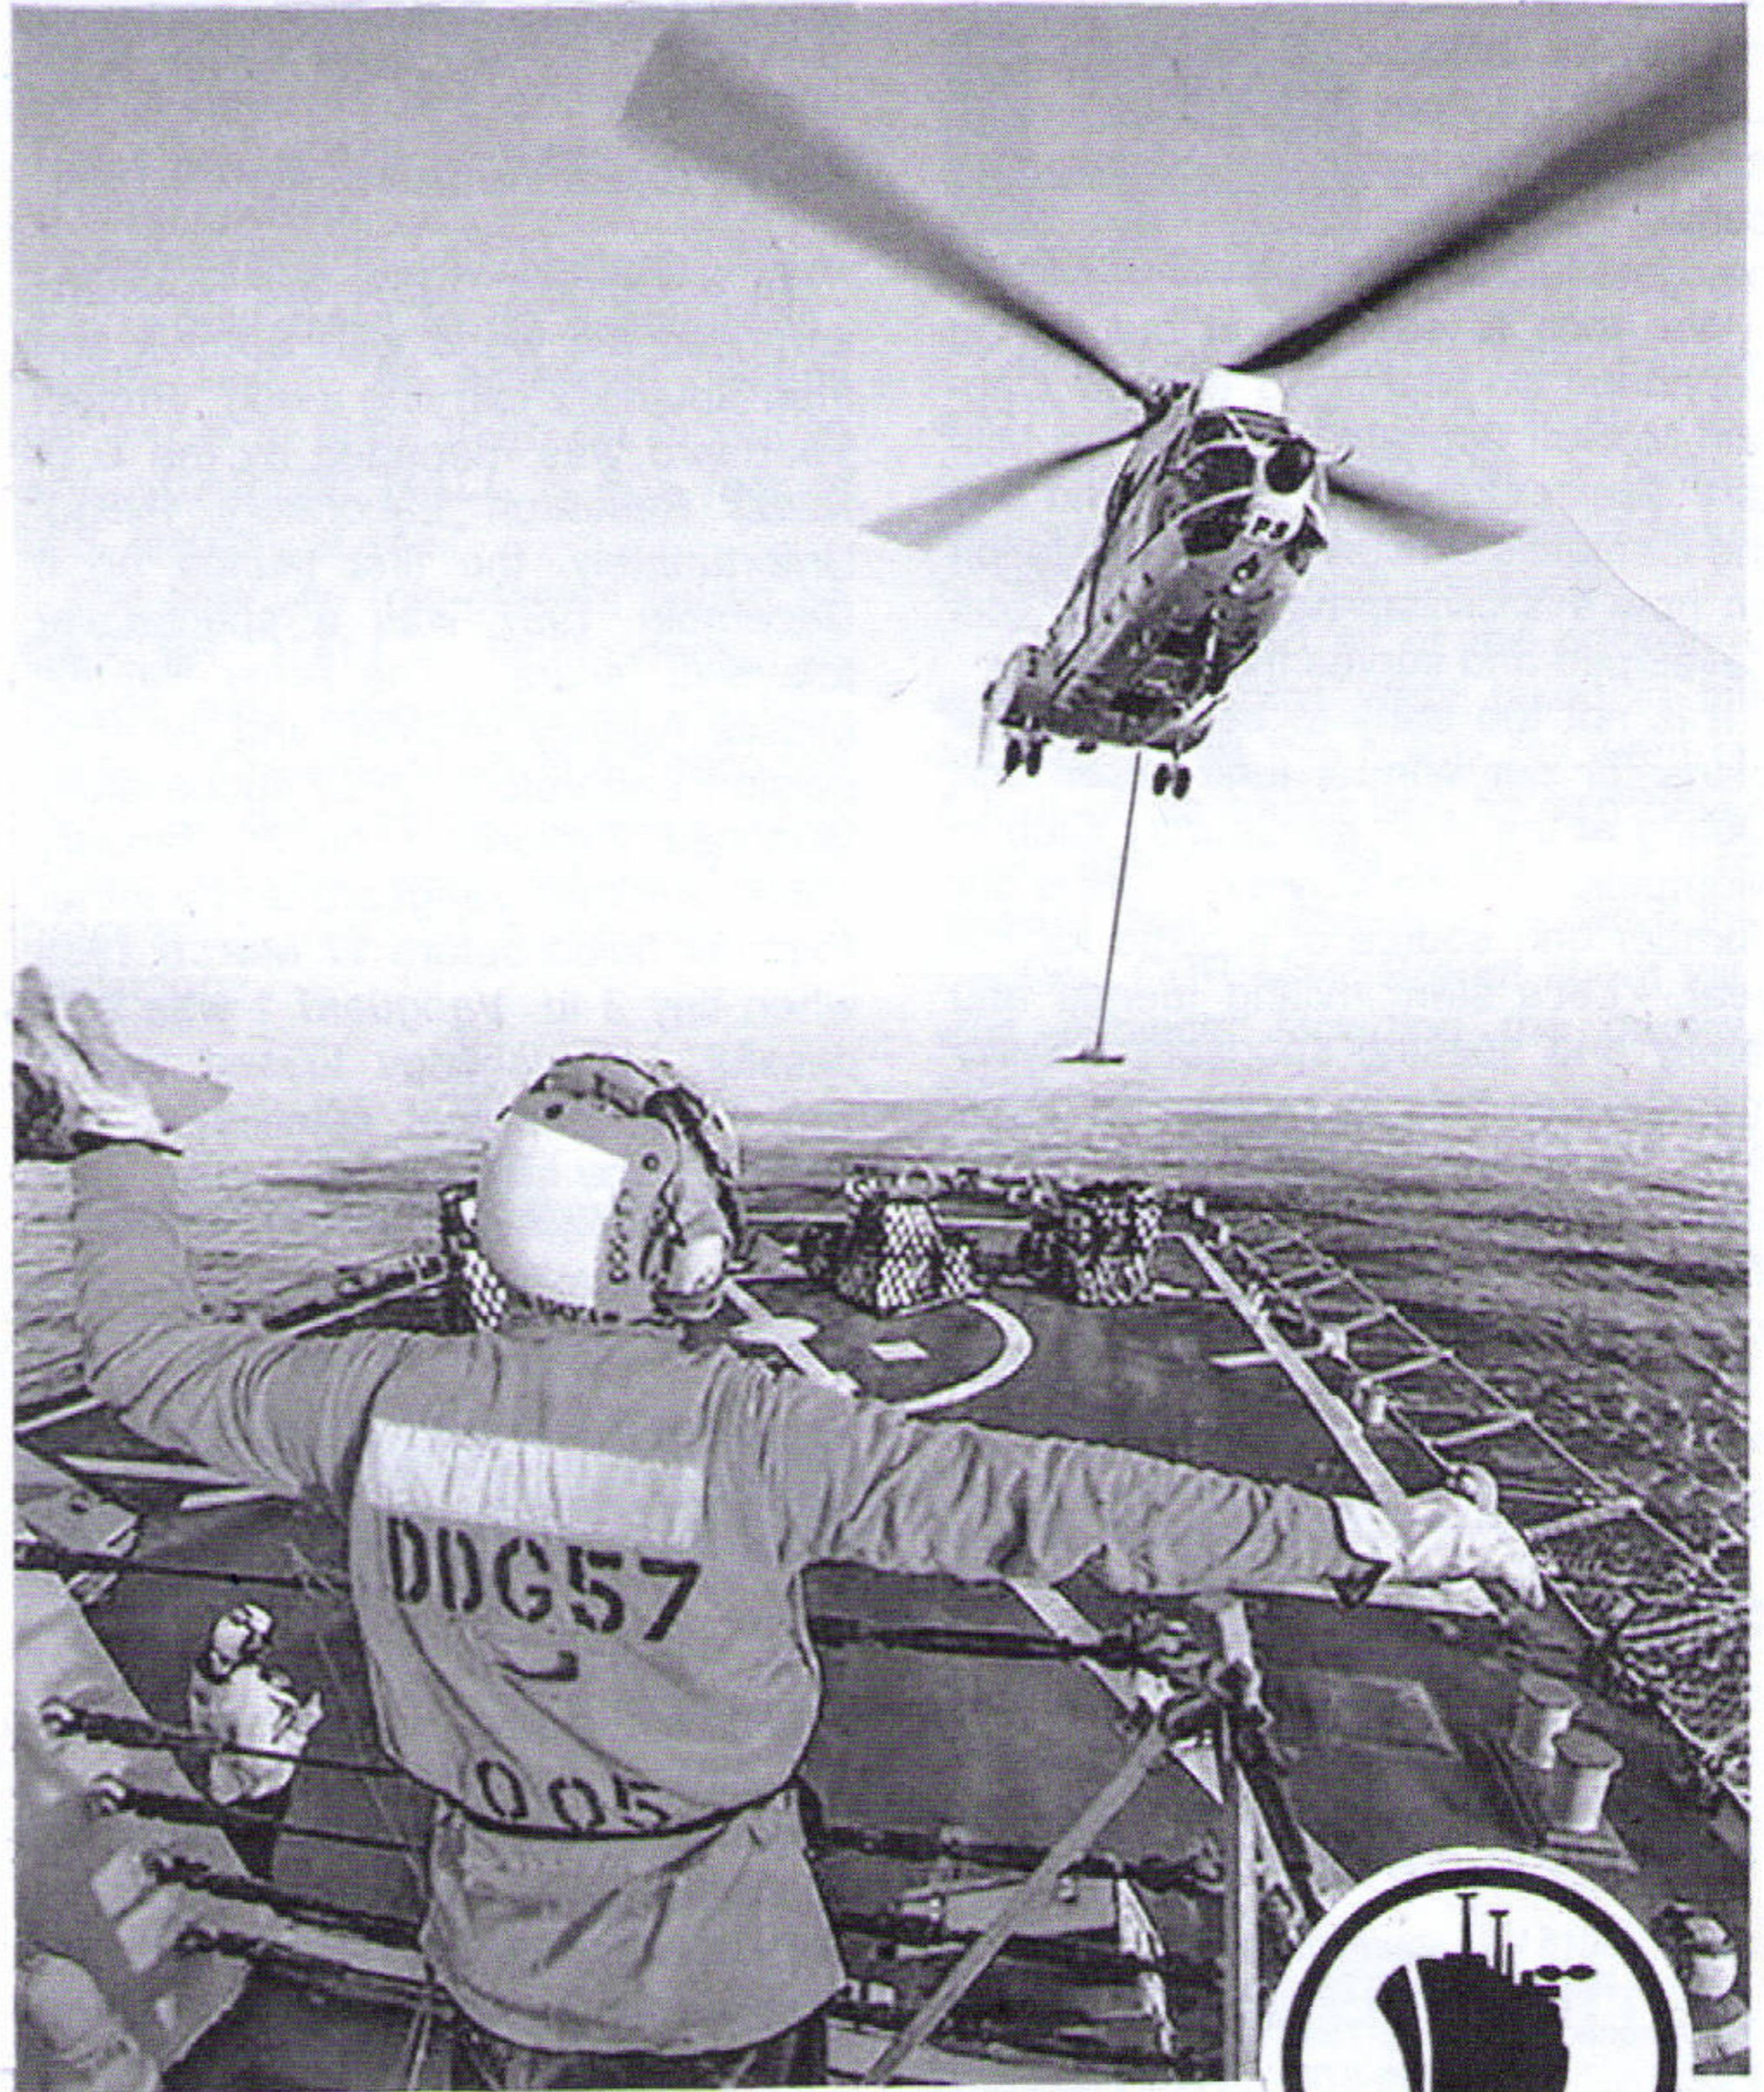

MSC kept the Navy's fleets supplied and underway, with over 120 ships in daily operation in 2016 delivering combat cargo and petroleum products to coalition warfighters around the world.

MSC provides special mission ships for DOD customers; and operates prepositioned ships to supply materials to U.S. Army, Air Force, Navy and Marine Corps in contingency operations.
