

OUR PARTNERS

We operate on the in-kind donations of our community partners. Specifically, our sponsors assist us in holding trainings by covering the expenses associated with the printing of the training manuals, contracts, pre-post surveys, and decals for participants; catering breakfast or lunch (depending on the timing of the training); advertising materials; and trainer fees when applicable.

If you would like to sponsor trainings for students, faculty, staff, community members, or your organization please do not hesitate to contact Dr. Amie McKibban at armckibban@usi.edu for more details. It's community members and groups like you that help us fulfill our mission of fostering a socially just community!
