What clients say. . .

Fabulous job. I am very impressed with your work on my ms. You've taken great care to make it read and flow and spotted a number of anomalies. I've incorporated all your suggestions in some way or another. Thanks for a professional piece of work.

Michael McCarthy, Emeritus Professor of Applied Linguistics, University of Nottingham. Author of *English Grammar: Your Questions Answered*

*I am absolutely delighted with the work you have done, thank you so much. The work is first class, and you have done better than I would have done with the tricky words and language, well done! I am sure my client will be equally pleased. Philippa Hull, Hot Desk: *Good, The Good and Goodness**
