

# Internet Marketing

Online Marketing - Email, Internet and social media marketing are effective and affordable ways to connect with your audience.

PLJ Marketing does it all for you:

- Email Campaigns
- Database Management
- Tracking & Reporting
- Website Management
- Social Media

Be sure you are "Rigged for the Job" in today's market. Internet exposure is a must!

Return on investment (ROI) starts with your website. PLJ Marketing offers management of professional web design and maintenance services.

The Internet offers tremendous opportunity to attract qualified buyers. Your investment can range according to your needs and budgets but website focus is a must.

- Online Advertising – a true "Best Buy" for advertisers.
- Search Engines are like detectives and need clues.
- Each page of your site can attract leads.
- 92% of all web sites receive little or no traffic from search engines.
- Influencers are the best for generating leads.
