64

Total Youth  
Served  
for this quarter

82%

Percentage of  
Youth with  
Improved School  
Attendance

"Students need to attend school to learn. MST helps students to return to school on a regular basis so that they can succeed."

- Tara Dively, MST Program Director

"MST changed things for the better in my family. The results are sticking and I'm amazed. I had a great experience and in the end I didn't want our MST therapist to leave. She was always there to support me, any time I needed her. And even though I didn't want her to leave, she left us with what we needed to keep all of this up. Thanks to MST, we have so much to be grateful for." - Parent
