*only the best quality...*

*Why we're different....we aren't trying to give the other guys a hard time, but chances are if you buy from another vendor and you have never heard of the brand of ice cream you are eating, you many not have a very satisfying experience.*

*We only sell name brand products, names that your Grandparents probably enjoyed. Good Humor, Original Brand Popsicle and Klondike are the main product lines we offer and we feel they are the best ice cream products you can buy. Taste one for yourself and we think you'll agree!*
