**Notice - Hutch News Status on viewing online articles**  
As of 3-30-2011 The Hutch News will begin charging for viewing the online version of news. They will allow you 10 articles/month then you will have to subscribe.

'Some links on The News' site will remain free, such as access to breaking news and wire service reports. Niche websites of The News, including [www.justpreps.com](http://www.justpreps.com) & [www.kansasagland.com](http://www.kansasagland.com), also will remain free.  
The price for full access to the Web will be \$9.75 a month, compared to \$14.35 a month, before taxes, for home delivery of the newspaper within the city limits of Hutchinson. Those who already are print newspaper subscribers can get access to the Web edition for an extra \$1.95 a month.'

This will likely effect some of you...who watch obits or check the morning news before work...ha! (Verne & Steve)  
We do take the news but I still go online and read & share the articles & obits...

It will however limit my use of URL access & of course will have to be selective how & what I do use. (so you can view main updates.

I truly hope that you will pitch in & share more info & photos that we can fill in & update others in process! OR...there will be more tunes & maybe even recipes...if not! HA!

I fear this is only a sign of the times & more will follow suit (the news will allow access to 10 articles free each month per computer IP) ... I think this is merely a sign of the times.

NJCAA Tourney is over! So. Idaho Won First, Midland Tx got 2nd and Coffeyville 3rd. New records made: Most scored by : P. Jackson on So. Idaho: Also named MVP! \*First game ever for team to miss all Free Throws.. (won't embarrass team by naming)

### The Idiot's Notebook

<<<

They say a word to the wise is sufficient, so . . .  
Don't push a sophomore down the stairs,  
Or knock his teeth out with our chairs,  
Or with a hammer bash his bean  
We want to keep our building clean.

Have you ever wished that you had made that  
sarcastic snide, cute little comment? After  
everything is over, do you think of things you  
could have said? There is a reply or a perfect  
squelch to everything.

Welcome back! When are you leaving?

Fly away with me. . . we'll use your broom stick.

Why don't you take a power – and may I suggest arsenic.

You are the greatest thing that ever happened – now please go away.

## Lofty Progress: (former 'Grace Hospital' converted) The work on Main Street affordable lofts is 90% done.

<http://www.hutchnews.com/Todaystop/hutchinson-lofts-90---done--1>

The four top floors are each composed of a single studio apartment, single one-bedroom  
apartment and two apartments each of two and three bedrooms.

The ground floor includes single studio, one-bedroom and two-bedroom apartments that are  
completely ADA-compliant, with lower counters and switches and bathroom accommodations.  
That floor also has another studio and one-bedroom apartment that are more standard but have  
roll-in showers.

Colors for each apartment and hallways are all the same, primarily in tans and browns, and  
each apartment boasts the same amenities. Those include a full-size refrigerator, electric range  
and oven, microwave oven, dishwasher, garbage disposal, and ceiling fans in every room.

Each apartment also has its own heating and air conditioning unit and wall thermostat. Each  
floor also has a laundry room, with a pair of washers and dryers.

The apartments otherwise are not furnished.

All the apartments are income-restricted, Gonzales said, meaning tenants must meet  
qualifying income levels to get in. Eligible household incomes range from \$14,800 to \$36,780.  
Rents are subsidized and range from \$250 per month for a studio apartment to \$435 for a three-  
bedroom. (and lots of other amenities – See full article)
