# President's Piece

## April 2018

The 2018 63<sup>rd</sup> Annual SBOC Training Institute has concluded! The Training Institute was once again a GREAT SUCCESS!

Thank You, to all of you that participated in any and all of the training sessions. A special Thank You goes out to ALL of the presenters: ICC's Bill Hudson, SBOC/ICCA Lobbyist Margaret Vaughn, Proffit+Wallen's Adam Wallen, B&F's Rich Piccolo, C.L.E.C. Enterprise's Bill Dettmer & Hugo Viramontes! SBOC Past President's Dave Skurkis & Dan Westergaard, Bobak's Signature Events & staff, Thank You! The SBOC Board for all of their hard work in scheduling & organizing the Institute, Thank You!

Now that the Annual Training Institute has concluded the SBOC Board is working at filling the programs for our monthly training meetings. Should any of you have any thoughts for a monthly training session feel free in contacting any of the Board members. Hopefully, you will have a presenter's contact information and are able to forward this information to the SBOC Board. With that being said, we the SBOC Board are looking for some volunteers to become Board members in 2019. Volunteering is a great way for members to have their voice heard, recommend programs and activities. Having new people provides fresh new ideas. Over the years, I've heard comments such as "Not this topic again" or "Can't we have a different presenter". This is YOUR opportunity to Make a Difference and be heard. So, why not contact me or any other Board member. I've enjoyed myself greatly being a Board member. Believe me it's FUN and GRATIFYING! The SBOC Board looks forward in hearing from you!

---

The April Monthly Program will be "Installation of Helical Piles in the Residential Market - Proper Use and Purpose" presented by Fritz Thomson and Tom Hattori of GoliathTech.

< <http://www.cvent.com/d/wgqnvk> >

Also, on our SBOC website: < [www.sbc-7.com](http://www.sbc-7.com) >

### **Course Description:**

Replacement for concrete footings and sonotubes for decks, sunrooms, screen in porches, additions and home foundations.

### **Course Objectives:**

- To provide information on our helical pile system and the applications in the residential market.
- Show the technical data, installation method and the ICC-ES approval for our helical pile system.

### **Course Presented By:**

Fritz Thomson & Tom Hattori, Co-Owners of a GoliathTech Franchise

### **Biography:**

Fritz Thomson and Tom Hattori have been in business for two years in Southern Wisconsin and recently purchased the rights to GoliathTech in Chicago and Northern Illinois. We currently work with over 30 builders and contractors installing helical piles in over 100 projects in the residential marketplace
