Quotes:

“During the counseling session she was heartfelt, sincere, patient and kind. The Sailor who came to the meeting timid and embarrassed left optimistic and hopeful. Rebecca has been that way with every client since. She is relentless in her support of the military community and has my utmost recommendation for any scholarship award she is nominated for.” **Matthew Derden** - Volunteer Coordinator

“Working as a volunteer in the military community throughout the last twenty years, I have enjoyed helping people learn about services available to them. I am so thankful to now be able to take advantage of some of the programs myself. My educational pursuits would not be possible without generous support from scholarship sponsors like your organization. Thank you for enabling this opportunity!” **Rebecca**
